MEETING LOG

MEETING TITLE/SUBJECT: ASHRAE 15 Meeting

FY 25 OP PLAN ENTRY: Flammable Refrigerants

DATE OF MEETING: 10/23/2025

LOCATION OF MEETING: Virtual

CPSC STAFF FILING MEETING LOG: Scott Ayers (ESEF)

FILING DATE: 10/26/2025

CPSC ATTENDEE(S): Scott Ayers

NON-CPSC ATTENDEE(S): Contact ASHRAE for the full attendee list

Summary of Meeting:
Staff monitored a meeting of the ASHRAE Standing Standard Project Committee (SSPC) 15 for Safety Standards for Refrigeration Systems. The committee is responsible for maintaining the ASHRAE 15 standard and is the consensus body, but not the maintaining body for ASHRAE 15.2.

The SSPC reviewed comments from a recent public review and discussed changes to addendum K. The SSPC wants changes to addendum K for commercial applications and changes to addendum G for residential applications to publish for public review at the same time.

The SSPC then reviewed proposed code changes to the Uniform Mechanical Code. The SSPC will review code change proposals to the International Mechanical Code at a future meeting.

The SSPC did not review any interpretation requests.

Next Steps:
Staff will participate in future ASHRAE 15 SSPC and ASHRAE 15.2 working group meetings as able, typically held on Friday afternoons. The next ASHRAE 15.2 meeting will be Friday November 6, 2026. The next ASHRAE 15 SSPC meeting will be rescheduled for some time in November or December.
