MEETING TITLE/SUBJECT: ASHRAE 15.2 Meeting

OP PLAN ENTRY: Flammable Refrigerants

DATE OF MEETING: 11/6/2025

LOCATION OF MEETING: Virtual

CPSC STAFF FILING MEETING LOG: Scott Ayers (ESEF)

FILING DATE: 11/6/2025

CPSC ATTENDEE(S): Scott Ayers

NON-CPSC ATTENDEE(S): Contact ASHRAE for the full attendee list

Summary of Meeting:
Staff participated in a meeting of the ASHRAE Standing Standard Project Committee (SSPC) 15 Subcommittee 15.2 for Residential Applications. This subcommittee is responsible for maintaining the ASHRAE 15.2 standard.

The subcommittee discussed several change requests for heat-pump water heaters and natural ventilation requirements. One of the subcommittee's working groups discussed proposed changes to secondary loop requirements. Staff suggested that the working group change from not allowing "flammable and combustible" liquids to "ignitible" liquids and provided a definition of ignitible liquid aligning with NFPA's definition. The working group will consider staff suggestions when it updates the proposal.

Next Steps:
Staff will participate in future ASHRAE 15 SSPC and ASHRAE 15.2 working group meetings as able. The next ASHRAE 15.2 meeting will on December 4, 2026.
