

- Use firm, tight-fitting mattress
- Never use extra padding, blankets, or pillows under baby
- Remove pillows or thick comforters
- Positioning devices are not necessary and can be deadly
- Regularly check crib for loose, missing or broken parts or slats
- ✓ Do not try to fix a broken crib
- Place cribs or playpens away from windows to avoid window covering or fall hazards

Check www.cpsc.gov to find out if your crib, bassinet, or play yard has been recalled.

Safe Sleep
