We can save a life!

Every two weeks, a child dies when a TV, an appliance or piece of furniture falls on him. Every month, a child is strangled in a window covering. Every year, 300 kids younger than five drown in pools. What do all of these tragedies have in common? They are all preventable! Choose from the menu of free resources below to get connected, share and save a life!

CPSC.gov

CPSC.gov is the place to go to find vital safety information on product recalls, pool safety, all-terrain vehicle (ATV) safety, carbon monoxide dangers, fire safety, resale and thrift stores and so much more. You can use the site to order free safety guides or sign up to receive free e-mail alerts about recalls. **FREE**

Hotline

Through our Hotline, you can report an unsafe product or a product-related injury, find out if a product has been recalled, learn how to return or arrange for the repair of a recalled product and order CPSC safety publications.
