## CONSUMER PRODUCT SAFETY COMMISSION

### Notification of Request for Extension of Approval of Information Collection Activity—Customer Satisfaction Surveys

**AGENCY:** Consumer Product Safety Commission.

**ACTION:** Notice.

**SUMMARY:** In the November 16, 2001 *Federal Register* (66 FR 57707), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) to announce the agency's intention to seek extension of approval of 5 customer satisfaction surveys to determine the kind and quality of services CPSC customers want and customers' level of satisfaction with existing services. The Commission now announces that it has submitted to the Office of Management and Budget a request for extension of approval of that collection of information.

CPSC will use the information it obtains in these surveys to improve its work on behalf of the American public. In addition, the CPSC Office of Planning and Evaluation will use information from the surveys to prepare sections of the agency's annual performance report (required by the Government Performance and Results Act (GPRA)). This information will provide measures of the quality and effectiveness of agency efforts related to three goals in its strategic plan (informing the public, industry services, and customer satisfaction). In the past, information from these surveys has shown an overall high level of customer satisfaction. If this information is not periodically collected, we would not have useful measures of our effectiveness in

reaching consumers and others, and the information necessary to guide program development and improvement would not be available. We would be unable to measure our ability to meet our identified GPRA goals.

CPSC will collect this information in several ways, such as using telephone interviews and mail questionnaires. Fewer than 5 customer surveys or information collection activities a year would be conducted using this clearance.
