Draft Denial Letter  
(Briefing Package dated March 29, 2006, OS No. 4903)

DECISION:

The Commission voted 2-0 to approve the letter denying Petition HP 04-2 as drafted. Chairman Stratton and Commissioner Nord voted to approve the letter as drafted. Commissioner Moore refrained from voting on the draft letter because of his previous vote dissenting from the Commission decision to deny petition HP 04-2. Petition HP 04-2 from Dr. Michael Fox requested that the Commission issue a ban on sulfuric acid drain openers or, in the alternative, require packaging of sulfuric acid in single use containers with a maximum sulfuric acid concentration of 84 percent.
