Since FY 1998, this Interagency Agreement has been modified five (5) times and a number of items have been completed, therefore, on the effective date of this modification, this Interagency Agreement between the U S Consumer Product Safety Commission and the Department of Commerce (DOC) Office of the Chief Financial Officer and Assistant Secretary for Administration Office of Budget, Management and Information Office of Computer Services shall read as follows

SECTION 1 PURPOSE (Changed with this Mod)

This Interagency Agreement (IAG) sets forth the terms and conditions for information technology support from the Department of Commerce (DOC), Office of Computer Services (OCS), to the Consumer Product Safety Commission (CPSC) for cross-servicing CPSC on ICF Information Technology, Inc & ICF Consulting, Inc (ICF Kaiser's) Federal Financial Assistant (FINASST) software

SECTION 2 AUTHORITY (NO CHANGE FROM BASIC IAG)

This IAG between DOC/OCS and CPSC is entered into pursuant to section 403 of the Government Management Reform Act of 1994 (GMRA), 31 U S C 501 (Note), Pub L 103-356, 108 Stat 3410, the Economy Act of 1932, as amended, 31 U S C 1535 to 1536, and Section 27(g) of the Consumer Product Safety Act, as amended, 15 U S C 2076(g) The Office of Computer Services has been certified by the Office of Management and Budget as a Franchise Fund activity pursuant to the GMRA In accordance with the Economy Act and its implementing regulations (FAR 17 500, et seq), CPSC has determined that the services to be provided pursuant to this IAG are in the best interest of the United States Additionally, DOC/OCS cross servicing the ICF Kaiser FMSS mandatory use product has the capabilities and expertise to provide the services requested

SECTION 3 BACKGROUND (NO CHANGE FROM BASIC IAG)

CPSC sought a replacement for its existing financial management system that would meet the Joint Financial Management Improvements Program (JFMIP) requirements and is Year 2000 (Y2K) compliant As part of that process, CPSC conducted a market survey of cross-servicing opportunities and FMSS products through other Federal agencies As a result of its survey, CPSC determined that it would be in the agency's best interest to utilize the Department of Commerce's, Office of Computer Services for cross-servicing CPSC screened all the systems available through Commerce and evaluated the remaining two most suitable ones CPSC performed a financial evaluation and conducted operational capability demonstrations Finally, CPSC made a determination that ICF Kaiser's FINASST FMSS application was the most appropriate system which best met the

needs of the agency

This IAG specifies the agreement between CPSC and DOC/OCS for the implementation of the FINASST system for CPSC

SECTION 4. DESCRIPTION OF SERVICES (CHANGED WITH THIS MOD)

Pursuant to this IAG, DOC/OCS shall provide the following Y2K compliant services to CPSC in support of implementing and maintaining the CPSC financial management system at CPSC headquarters and three regional locations

a Data Center services include the following:

- 1 Furnish computer hardware and software capacity to operate the system and related Oracle RDBMS during system implementation and operational periods
- 2 (Partial Completion) - Installation of telecommunication capacity to support CPSC and Contractor access to the software via communication lines as appropriate and agreed to by CPSC. This part has been completed. This task included the establishment and payment of a dedicated digital T-1 circuit (communication link) between the DOC data center located in Springfield, Virginia or the DOC disaster recovery site (currently located at COMDISCO, N Bergen, New Jersey) and the CPSC located at 4330 East West Highway, Bethesda, Maryland. This cost is included in the cross-servicing fee. Technical support shall be provided to ensure the ongoing operation and maintenance of this communication link and disaster recovery plan. Technical support shall also be provided to upgrade communications to higher bandwidth, should it become necessary. Additionally, asynchronous dial-up communications over standard phone lines shall be provided to each field office user for access into the DOC host
- 3 Providing.
 - a all project management and review related to the installation and support of the FMS, and
