ORDER GRANTING NON-PARTY OTIS ELEVATOR COMPANY’S MOTION FOR LEAVE  
TO FILE A REPLY BRIEF IN SUPPORT OF ITS MOTION TO QUASH

On March 30, 2022 non-party Otis Elevator Company (“Otis”) filed a Motion to Quash the subpoena served on it by Respondent, TK Access Solutions Corp. Respondent filed its Opposition to the Motion to Quash on March 31, 2022. Otis requests the opportunity to file a reply brief of no more than five pages to address “material new substance and new arguments not included in its Application”, pursuant to 16 CFR § 1025.23 (c).

The Respondent also questioned the timeliness of Otis’s initial filing due to a one-day calculation error. I find no prejudice will result to either Complaint Counsel or Respondent by finding the motion timely filed.

After considering Otis’s Motion to File Reply Brief and the Respondent’s Opposition to the Motion to Quash, a short reply brief of no more than five pages and limited to the material new substance and new arguments not included in the application, appears warranted and should be filed no later than close of business on Wednesday, April 6, 2022.

So ordered.
