

Amend the proposed rule where appropriate with:

“If HHS extends the comment period for the HHS Common Rule [80 Fed. Reg. 53933 (September 8, 2015)], the Commission approves a commensurate extension for the CPSC Common Rule and staff is directed to take appropriate actions to publish an FR notice extending the comment period for the CPSC Common Rule such that the comment period for the CPSC Common Rule expires on the same date that the HHS Common Rule comment period expires.”
