Incident Description = I was called to the death scene of a 4 month old female found unresponsive in her crib. She had her face into the mattress. There was a sheet and a mattress pad as well as bumper pads. After detectives took photos of scene, another detective and i checked the mattress. It was soft and felt like an air or water mattress. We checked the tag and it was manufactured in February of 2009. I am awaiting final death certificate from the coroner. At the scene, the coroner stated he felt it would be accidental suffocation. The Hillside Police Dept and DuPage County Coroner have the mattress.
