

RECREATIONAL
OFF-HIGHWAY
VEHICLE
ASSOCIATION

November 2, 2015

Ms. Caroleene Paul
U.S. Consumer Product Safety Commission
Division of Mechanical Engineering
5 Research Dr.
Rockville, MD 20850

Subject: Proposed American National Standard for Recreational Off-Highway Vehicles (ROVs).

Distributed by: Recreational Off-Highway Vehicle Association (ROHVA), the standards developer.

Statement: This proposed standard for recreational off-highway vehicles (ROVs) is a revision of American National Standard ANSI/ROHVA 1-2014 and has been developed by members of the ROHVA. This voluntary standard addresses design, configuration and performance aspects of ROVs, including, among other items, requirements for accelerator, clutch and gearshift controls; engine and fuel cutoff devices; lighting; tires; service and parking brake/parking mechanism performance; lateral and pitch stability; occupant handholds and Roll-Over Protective Structure; seat belts; and requirements for safety labels and owner's manuals.

Voting: Canvasees may vote on this proposed ANS either by paper ballot (see page 2) and return to ROHVA via mail or fax, or electronically via the ROHVA website. You will be sent an email with specific information including a link to the electronic voting application.

Action by: This ballot will close no later than December 2, 2015, or when all ballots are returned. Your timely response is appreciated.

Thank you for your attention to this matter. Please feel free to contact me should you have questions or require additional information.

Sincerely,

Thomas S. Yager
Vice President

Canvass Letter Ballot

Ballot Closes 12-2-15

Regarding the proposed ANSI/ROHVA 1-201X dated 11/2/2015, I vote to (mark only one)

Affirmative _____
Affirmative with comment _____
Negative with reasons* _____
Abstain _____
