

Did you know that **9 out of 10 times** a child is poisoned, it happens at home?

CPSC's **Community Outreach Resource (COR) Team** wants you to also know that these poisonings are preventable. Contact the COR Team for information about where poison dangers lurk throughout the home, including the silent killer carbon monoxide.

Awareness is vital to preventing unintentional poisonings in the home. With your help, we can make every community safer.

For more information, email us at [CommunityOutreach@cpsc.gov](mailto:CommunityOutreach@cpsc.gov) or call **301-504-7908**.

# Poison Prevention
