

WINDOW FALLS ARE PREVENTABLE!

About **7** children die, and thousands are injured in falls from windows each year.

Invest **5** minutes and a few dollars to save a child's life.

Window Stops

Window Guards

Screw window guards into the sides of window frames.

Use window stops to prevent windows from opening more than 4 inches.

Move anything a child can climb on to away from windows.

Teach your children to play a safe distance from any window.
