

# Public Meeting on CPSIA Section 108—Phthalates

## Discussion

These comments are those of the CPSC staff, have not been reviewed or approved by, and may not necessarily reflect the views of, the Commission.

# Child Care Articles

- Is the staff's approach to determining which products are considered child care articles technically sound?
- Is the staff's draft guidance clear?
- Are there any classes of products that should be included or excluded?

# Should these products be considered child care articles?

- Pacifier
- Teether
- Bib
- High chair
- Infant bottle
- Sipper cup
- Baby swing
- Baby walker
- Pajamas
- Crib
- Crib or toddler mattress
- Mattress cover
- Crib sheets
- Infant sleep positioner

# Toys

- Are the ASTM F963 exclusions appropriate for section 108?
- Is there a better way to determine what should be considered a “toy”?
- Are there any classes of products that should be included in or excluded from section 108?

# Should these be considered toys?

- Baby swing
- Baby walker
- Play sand
- Shampoo bottle with animal or cartoon character shapes
- Tricycles & bicycles
- Riding toys
- Playground equipment
- Arts & crafts
- Costumes & masks
- Wading pool
- Inflatable pool toys
- Water wings
- Decorated swimming goggles
- Kite
- Balloons
- Hobby materials

# Testing Issues

- Component testing
  - Toy or its parts
- Accessibility
- Composite testing
- Are there materials or components that should not require testing?
