To the Commissioners,

Thank you for your attention to implementing a strong Consumer Product Safety Improvement Act. I am eager to hear that you will be voting "Yes" on the upcoming vote on the Third-Party Testing Rule for Children's Products.

Independent, third-party testing is the gold standard for insuring that toys and other children's products that come to our marketplaces are safe. Testing will help prevent unsafe products from getting into children's hands, will reduce the number of product recalls, and enhance consumer confidence in product safety.

I urge you to vote "Yes" on this important step for safer children's products.

Sincerely,

Kyle Haines

To the Commissioners,

Thank you very much for your attention to implementing a strong Consumer Product Safety Improvement Act.

I am very eager to hear that you will be voting "Yes" on the upcoming vote on the Third-Party Testing Rule for Children's Products.

Studies indicate that independent, third-party testing can easily be the gold standard for insuring that toys and other children's products that come to our marketplaces are safe.

As you know, testing will help prevent unsafe products from getting into children's hands, will reduce the number of product recalls, and enhance consumer confidence in product safety.

I urge you to vote "Yes" on this important step for safer children's products.

Respectfully yours,

To the Commissioners,

Thank you for your attention to implementing a strong Consumer Product Safety Improvement Act. I am eager to hear that you will be voting "Yes" on the upcoming vote on the Third-Party Testing Rule for Children's Products.

Independent, third-party testing is the gold standard for insuring that toys and other children's products that come to our marketplaces are safe. Testing will help prevent unsafe products from getting into children's hands, will reduce the number of product recalls, and enhance consumer confidence in product safety.

I urge you to vote "Yes" on this important step for safer children's products.

Sincerely,

John Kirchner

Thank you for your attention to implementing a strong Consumer Product Safety Improvement Act. I am eager to hear that you will be voting "Yes" on the upcoming vote on the Third-Party Testing Rule for Children's Products.

Independent, third-party testing is the gold standard for insuring that toys and other children's products that come to our marketplaces are safe. Testing will help prevent unsafe products from getting into children's hands, will reduce the number of product recalls, and enhance consumer confidence in product safety.

I urge you to vote "Yes" on this important step for safer children's products.

Sincerely,

To the Commissioners,

Thank you for your attention to implementing a strong Consumer Product Safety Improvement Act. I am eager to hear that you will be voting "Yes" on the upcoming vote on the Third-Party Testing Rule for Children's Products.

Independent, third-party testing is the gold standard for insuring that toys and other children's products that come to our marketplaces are safe. Testing will help prevent unsafe products from getting into children's hands, will reduce the number of product recalls, and enhance consumer confidence in product safety.

I urge you to vote "Yes" on this important step for safer children's products.

Sincerely,

To the Commissioners,

Thank you for your attention to implementing a strong Consumer Product Safety Improvement Act. I am eager to hear that you will be voting "Yes" on the upcoming vote on the Third-Party Testing Rule for Children's Products.

Independent, third-party testing is the gold standard for insuring that toys and other children's products that come to our marketplaces are safe. Testing will help prevent unsafe products from getting into children's hands, will reduce the number of product recalls, and enhance consumer confidence in product safety.

I urge you to vote "Yes" on this important step for safer children's products.

Sincerely,

To the Commissioners,

Thank you for your attention to implementing a strong Consumer Product Safety Improvement Act. I am eager to hear that you will be voting "Yes" on the upcoming vote on the Third-Party Testing Rule for Children's Products.

Independent, third-party testing is the gold standard for insuring that toys and other children's products that come to our marketplaces are safe. Testing will help prevent unsafe products from getting into children's hands, will reduce the number of product recalls, and enhance consumer confidence in product safety.

I urge you to vote "Yes" on this important step for safer children's products.

Sincerely,

To the Commissioners,

Thank you for your attention to implementing a strong Consumer Product Safety Improvement Act. I am eager to hear that you will be voting "Yes" on the upcoming vote on the Third-Party Testing Rule for Children's Products.

Independent, third-party testing is the gold standard for insuring that toys and other children's products that come to our marketplaces are safe. Testing will help prevent unsafe products from getting into children's hands, will reduce the number of product recalls, and enhance consumer confidence in product safety.

I urge you to vote "Yes" on this important step for safer children's products.

Sincerely,

Angele Smith

To the Commissioners,

Thank you for your attention to implementing a strong Consumer Product Safety Improvement Act. I am eager to hear that you will be voting "Yes" on the upcoming vote on the Third-Party Testing Rule for Children's Products.

Independent, third-party testing is the gold standard for insuring that toys and other children's products that come to our marketplaces are safe. Testing will help prevent unsafe products from getting into children's hands, will reduce the number of product recalls, and enhance consumer confidence in product safety.

I urge you to vote "Yes" on this important step for safer children's products.

Sincerely,

To the Commissioners,

Thank you for your attention to implementing a strong Consumer Product Safety Improvement Act. I am eager to hear that you will be voting "Yes" on the upcoming vote on the Third-Party Testing Rule for Children's Products.

Independent, third-party testing is the gold standard for insuring that toys and other children's products that come to our marketplaces are safe. Testing will help prevent unsafe products from getting into children's hands, will reduce the number of product recalls, and enhance consumer confidence in product safety.

I urge you to vote "Yes" on this important step for safer children's products.

Sincerely,
