Consumer Product Safety Commission

Semiannual Regulatory Agenda

CONSUMER PRODUCT SAFETY COMMISSION (CPSC)

CONSUMER PRODUCT SAFETY COMMISSION

16 CFR Ch. II

Semiannual Regulatory Agenda

AGENCY: Consumer Product Safety Commission

ACTION: Semiannual regulatory agenda.

SUMMARY: In this document, the Commission publishes its semiannual regulatory flexibility agenda. In addition, this document includes an agenda of regulatory actions the Commission expects to be under development or review by the agency during the next year. This document meets the requirements of the Regulatory Flexibility Act and Executive Order 12866.

DATES: The Commission welcomes comments on each subject area of the agenda, particularly from small entities. Written comments concerning the agenda should be received in the Office of the Secretary by December 1, 2005.

ADDRESSES: Comments on the regulatory flexibility agenda should be mailed to the Office of the Secretary, Consumer Product Safety Commission, Washington, DC 20207-0001; telephone (301) 504-7923, or delivered to the Office of the Secretary, Room 502, 4330 East-West Highway, Bethesda, Maryland 20814-4423. Comments should be captioned "Regulatory Flexibility Agenda." Comments may also be filed

by telefacsimile to (301) 504-0127, or by e-mail to cpsc-os@cpsc.gov.

FOR FURTHER INFORMATION CONTACT: For further information on the agenda in general, contact Barbara Parisi, Office of the General Counsel, Consumer Product Safety Commission, Washington, DC 20207-0001, telephone (301) 504-7879. For further information regarding a particular item on the agenda, consult the individual listed in the column headed "Contact" for that particular item.

SUPPLEMENTARY INFORMATION: The Regulatory Flexibility Act (RFA) (5 U.S.C. 601-612) contains several provisions intended to reduce unnecessary and disproportionate regulatory requirements on small businesses, small governmental organizations, and other small entities. Section 602 of the RFA (5 U.S.C. 602) requires each agency to publish twice each year a regulatory flexibility agenda containing a brief description of the subject area of any rule expected to be proposed or promulgated that is likely to have a "significant economic impact" on a "substantial number" of small entities. The agency must also provide a summary of the nature of the rule, and a schedule for acting on each rule for which the agency has issued a notice of proposed rulemaking.

The regulatory flexibility agenda is also required to contain the name and address of the agency official knowledgeable about the items listed. Further, agencies are required to provide notice of their agendas to small

entities and to solicit their comments by direct notification, or by inclusion in publications likely to be obtained by such entities.

Additionally, Executive Order 12866 requires each agency to publish twice each year a regulatory agenda of regulations under development or review during the next year, and states that such an agenda may be combined with the agenda published in accordance with the RFA. The regulatory flexibility agenda published below lists the regulatory activities expected to be under development or review during the next 12 months. It includes all such activities, whether or not they may have a significant economic impact on a substantial number of small entities.

The agenda contains a brief description and summary of each regulatory activity, including the objectives and legal basis for each; an approximate schedule of target dates, subject to revision, for the development or completion of each activity, and the name and telephone number of a knowledgeable agency official concerning particular items on the agenda. All agency contacts have the same address: Consumer Product Safety Commission, Washington, DC 20207-0001.

Dated: August 30, 2005.

Todd Stevenson,
Secretary,
Consumer Product Safety Commission.

Consumer Product Safety Commission—Prerule Stage

Sequence Number	Title	Regulation Identifier Number
3790	Petition CP 04-1/HP 04-1 Requesting Mandatory Fire Safety Standards for Candles and Candle Accessories	3041-AC22
3791	All Terrain Vehicles; Advance Notice of Proposed Rulemaking; Request for Comments and Information	3041-AC28
3792	Petition HP 05-1 Requesting Amendment to Ban on Infant Pillows	3041-AC29

Consumer Product Safety Commission—Proposed Rule Stage

Sequence Number	Title	Regulation Identifier Number
3793	Flammability Standard for Upholstered Furniture (Reg Plan Seq No. 159)	3041-AB35
3794	Amendment of Safety Regulations for Cribs	3041-AB67
3795	Amendment of the Standard for the Flammability of Clothing Textiles	3041-AB68
3796	Portable Bed Rails	3041-AB91
3797	Safety Standard for Baby Bath Seats	3041-AC03

CPSC

Consumer Product Safety Commission—Proposed Rule Stage (Continued)

Sequence Number	Title	Regulation Identifier Number
3798	Mandatory Safety Standard for Cigarette Lighters	3041-AC25

References in boldface appear in the Regulatory Plan in part II of this issue of the **Federal Register**.

Consumer Product Safety Commission—Final Rule Stage

Sequence Number	Title	Regulation Identifier Number
3799	Proposed Standard To Address Open-Flame Ignition of Mattresses/Foundation Sets (Reg Plan Seq No. 160)	3041-AC02
3800	Petition HP 04-2 Requesting a Ban of Sulfuric Acid Drain Openers for Consumer Use	3041-AC23

References in boldface appear in the Regulatory Plan in part II of this issue of the **Federal Register**.

Consumer Product Safety Commission—Long-Term Actions

Sequence Number	Title	Regulation Identifier Number
3801	Petition CP 03-1/HP 03-1 Requesting a Standard for Bunk Bed Corner Posts	3041-AC10
3802	Possible Special Packaging Standard for Household Products Containing Hydroxides	3041-AC12
3803	Petition CP 03-2 Requesting Performance Standards for a System To Reduce or Prevent Injuries From Contacting the Blade of a Table Saw	3041-AC19
3804	Proposed Standard to Address Open-Flame Ignition of Bedclothes	3041-AC26
3805	Possible Revocation or Amendment of Standard for the Flammability of Mattresses and Mattress Pads (Cigarette Ignition)	3041-AC27

Consumer Product Safety Commission—Completed Actions

Sequence Number	Title	Regulation Identifier Number
3806	Test Method for Determining Applicability of Cautionary Labeling and Child-Resistant Packaging to Hydrocarbon-Containing Products in Spray Packaging	3041-AC05
3807	Petition CP 02-4/HP 02-1 Requesting a Ban of All-Terrain Vehicles That Are Sold for the Use of Children Under 16 Years Old	3041-AC11

Consumer Product Safety Commission (CPSC)

Prerule Stage

3790. PETITION CP 04-1/HP 04-1 REQUESTING MANDATORY FIRE SAFETY STANDARDS FOR CANDLES AND CANDLE ACCESSORIES

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Unfunded Mandates: Undetermined

Legal Authority: 5 USC 553(e), Administrative Procedure Act; 15 USC 2051, Consumer Product Safety Act; 15 USC 1261, Federal Hazardous Substances Act

CFR Citation: Not Yet Determined

Legal Deadline: None

Abstract: The National Association of State Fire Marshals requests that the Commission issue mandatory safety standards for candles and candle accessories such as candleholders. The request was docketed as a petition for rulemaking on March 10, 2004. A notice requesting comment on the petition was published in the Federal Register on April 6, 2004. The comment period closed on June 7, 2004. CPSC staff will prepare a briefing package for Commission consideration as to

whether to grant, deny, or defer action on the petition.

3791. • ALL TERRAIN VEHICLES; ADVANCE NOTICE OF PROPOSED RULEMAKING; REQUEST FOR COMMENTS AND INFORMATION

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Unfunded Mandates: Undetermined

Legal Authority: Consumer Product Safety Act; 15 USC 1261; Federal Hazardous Substances Act

CFR Citation: Not Yet Determined

Legal Deadline: None

Abstract: At the direction of the Chairman, the staff prepared a draft advance notice of proposed rulemaking (ANPR) concerning all terrain vehicles (ATVs) for consideration by the Commission. The staff memorandum accompanying the draft ANPR discussed regulatory and non-regulatory options. Issuance of the ANPR initiated a rulemaking proceeding under the Consumer Product Safety Act (CPSA) and the Federal Hazardous Substances Act (FHSA). The draft ANPR reviewed the history of the Commission's involvement with ATVs and discussed a broad range of regulatory and non-regulatory options that the Commission

can consider as means to reduce ATV-related deaths and injuries. After publication of the ANPR, the staff will address public comments on the ANPR and prepare a briefing package for further consideration by the Commission.

3792. • PETITION HP 05-1 REQUESTING AMENDMENT TO BAN ON INFANT PILLOWS

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 5 USC 553, Administrative Procedure Act; 15 USC 1261, Federal Hazardous Substances Act

CFR Citation: 16 CFR 1500.18(a)(16)(i)

Legal Deadline: None

Abstract: Boston Billows, Inc., requests that the Commission amend the ban on infant pillows under 16 CFR 1500.18(a)(16)(i) to permit the use of such infant pillows when the pillow is designed, intended, and promoted for a mother's use during nursing, and when such pillows are requested by a pediatrician or a board certified lactation consultant. The request was docketed as a petition for rulemaking on September 15, 2005. A notice requesting comment on the petition will be published in the Federal Register. After the close of the comment period, CPSC staff will prepare a briefing package for Commission consideration as to whether to grant, deny, or defer action on the petition.

3793. FLAMMABILITY STANDARD FOR UPHOLSTERED FURNITURE

Regulatory Plan: This entry is Seq. No. 159 in part II of this issue of the Federal Register.

RIN: 3041-AB35

3794. AMENDMENT OF SAFETY REGULATIONS FOR CRIBS

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 5 USC 553, Administrative Procedure Act; 15 USC 1261, Federal Hazardous Substances Act

CFR Citation: 16 CFR 1508; 16 CFR 1509

Legal Deadline: None

Abstract: On December 16, 1996, the Commission published an advance notice of proposed rulemaking (ANPRM) to begin a proceeding that could result in amendment of the safety regulations for full-size and non-full-size cribs, 16 CFR parts 1508 and 1509. Among the regulatory alternatives under consideration is amendment of the regulations to add tests to assure that slats will not disengage from the side panels of cribs. The Commission began this proceeding after considering information about incidents in which crib slats disengaged from the side

CPSC

Proposed Rule Stage

panels of cribs, creating a risk that children may become entrapped between the remaining slats or fall out of the crib. At the urging of CPSC staff, in April 1999, the voluntary standard for cribs designated, "Specification for Full Size Baby Cribs (ASTM F1169-99)," and published by ASTM International was revised to include performance requirements for crib slats. The Commission will assess the adequacy of and conformance with the voluntary standard before deciding whether to continue the proceeding by publication of a notice of proposed rulemaking or terminate further proceedings.

3795. AMENDMENT OF THE STANDARD FOR THE FLAMMABILITY OF CLOTHING TEXTILES

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 15 USC 1191, Flammable Fabrics Act

CFR Citation: 16 CFR 1610

Legal Deadline: None

Abstract: The Standard for the Flammability of Clothing Textiles prohibits the manufacture, importation, or sale of clothing and fabrics and related materials intended for use in clothing, which are dangerously flammable because of rapid and intense burning. The standard prescribes the apparatus, procedure, and criteria to be used for testing to determine compliance with that standard. The standard was made mandatory by the Flammable Fabrics Act of 1953 (Pub. L. 83-88, 67 Stat. 111; June 30, 1953). Some of the equipment and procedures specified by the standard, particularly those for laundering and cleaning of test specimens, have become obsolete, unavailable, or unrepresentative of current practices. The staff prepared a briefing package describing modifications of the standard that may be needed to assure that the test in the standard is conducted with equipment and procedures representative of conditions to which garments currently are exposed. After consideration of the briefing package, the Commission decided to begin a proceeding for amendment of the standard. An advance notice of proposed rulemaking was published in the Federal Register on September 12, 2002. The staff is reviewing public comments and will develop proposed amendments for Commission consideration.

3796. PORTABLE BED RAILS

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 15 USC 1261, Federal Hazardous Substances Act

CFR Citation: Not Yet Determined

Legal Deadline: None

Abstract: The Commission is considering whether certain portable bed rails present an unreasonable risk of injury that should be regulated. A portable bed rail is a device intended to be installed on an adult bed to prevent a child from falling out of the bed. Such bed rails may be constructed in a manner that allows children to become entrapped between the portable bed rail and the bed. This entrapment can result in serious injury or death. In October 2000, the Commission issued an advance notice of proposed rulemaking addressing this issue. The ASTM standard for bed rails has since been revised and staff will evaluate the adequacy of, and conformance to, the revised standard. Following this evaluation, the Commission staff will prepare a briefing package for Commission consideration as to whether to continue the rulemaking.

Major status under 5 USC 801 is undetermined.**Unfunded Mandates:** Undetermined**Legal Authority:** 15 USC 1261, Federal Hazardous Substances Act**CFR Citation:** Not Yet Determined**Legal Deadline:** None

Abstract: An advance notice of proposed rulemaking (ANPRM), published in the Federal Register on August 1, 2001, requested comments on a rulemaking proceeding that could result in a mandatory rule addressing baby bath seats. These are consumer products used to hold an infant in a bathtub while the child is being bathed. The Commission voted to publish the ANPRM and proceed with rulemaking after considering the staff's analysis of available data and information provided by the petitioners, the Consumer Federation of America, and other consumer groups who requested that the Commission ban baby bath seats and bath rings. The staff briefed the Commission on July 28, 2003, and the Commission received oral comments from the public on the same date. The staff evaluated the comments received at the hearing and sent a briefing package to the Commission. On

October 16, 2003, the Commission decided to issue a notice of proposed rulemaking and directed the staff to prepare it for the Commission's consideration. On December 29, 2003, the NPRM was published in the Federal Register. The comment period closed on March 15, 2004. The staff is presently evaluating the comments and evaluating the adequacy of a revised voluntary standard for bath seats (ASTMF 1967-04), which was approved in July 2004.

Unfunded Mandates: Undetermined

Legal Authority: 5 USC 553(e), Administrative Procedure Act; 15 USC 1261, Federal Hazardous Substances Act

CFR Citation: Not Yet Determined

Legal Deadline: None

Abstract: Mr. Michael Fox requests that the Commission issue a ban on sulfuric acid drain openers (SADOs) for use by consumers or, in the alternative, that the Commission require that SADOs for consumers "be packaged in one-shot containers" and be limited to a maximum sulfuric acid concentration of 84 percent. The request was docketed as a petition for rulemaking on April 1, 2004. A notice requesting comment on the petition was published in the Federal Register on May 5, 2004. The comment period closed on July 6, 2004. CPSC staff will prepare a briefing package for Commission consideration as to whether to grant, deny, or defer action on the petition.

Long-Term Actions

3801. PETITION CP 03-1/HP 03-1 REQUESTING A STANDARD FOR BUNK BED CORNER POSTS

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 5 USC 553(e), Administrative Procedure Act; 15 USC 1262(j), Federal Hazardous Substances Act; 15 USC 2058(i), Consumer Product Safety Act

CFR Citation: Not Yet Determined

Legal Deadline: None

Abstract: A petition from the Danny Foundation requests that the Commission establish a standard to address an alleged hazard of strangulation posed by bunk bed corner posts. The petitioner asserts that due to the height of bunk beds, corner posts on bunk beds pose a substantial risk to children when the children's clothing, bedding, or other items become caught on the corner posts. On November 8, 2002, the Commission published a notice in the Federal Register to solicit comments on the petition from all interested persons. The comment period closed on January 7, 2003. On April 13, 2004, the staff sent a briefing package to the Commission on this issue. On July 30, 2004, the Commission voted to defer action on the petition while the staff

continues to work with the ASTM bunk bed subcommittee on this issue. A revised voluntary standard for bunk beds was published in October 2004 that incorporates warning language about hangings associated with bunk beds and attaching items to the bed. CPSC staff is working with the subcommittee to develop a performance requirement to address strangulation hazards with vertical protrusions.

3802. POSSIBLE SPECIAL PACKAGING STANDARD FOR HOUSEHOLD PRODUCTS CONTAINING HYDROXIDES

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Unfunded Mandates: Undetermined

Legal Authority: 15 USC 1471, Poison Prevention Packaging Act; 15 USC 1261(p), Federal Hazardous Substances Act

CFR Citation: Not Yet Determined

Legal Deadline: None

Abstract: Sodium and potassium hydroxide are caustic substances found in many household products. In addition to sodium and potassium hydroxide, other hydroxides, such as calcium, lithium, and ammonium hydroxide are also found in consumer products. There are numerous reports of injuries, ranging from minor irritation to second degree burns of the oral cavity, esophagus, eyes, and skin resulting from exposure to these products. Because of the potential for injury to children, household substances in dry forms containing 10

CPSC

Long-Term Actions

percent or more by weight of free or chemically unneutralized sodium and/or potassium hydroxide, and all other household substances containing 2 percent or more by weight of free or chemically unneutralized sodium and/or potassium hydroxide currently require child-resistant packaging under the Poison Prevention Packaging Act.

Based upon new injury and toxicity information, the staff is considering whether to recommend: (1) requiring special packaging for all hydroxides, and (2) decreasing the percentage of hydroxide for special packaging to be required. The staff is preparing a briefing package for Commission consideration.

3804. PROPOSED STANDARD TO ADDRESS OPEN-FLAME IGNITION OF BEDCLOTHES

Priority: Economically Significant. Major status under 5 USC 801 is undetermined.

Legal Authority: 15 USC 1193; Flammable Fabrics Act; 5 USC 801

CFR Citation: 16 CFR 1634

Legal Deadline: None

Abstract: On January 13, 2005, the Commission published an advance notice of proposed rulemaking (ANPRM) to begin a proceeding for development of a flammability standard to address risks of death, injury, and property damage from fires associated with open-flame ignition of bedclothes. Bedclothes are a major contributor to mattress ignition. Commission staff reviewed research indicating that mattresses and bedclothes operate together as a system in fires involving mattresses. Research has suggested that improved flammability performance of some bedclothes can reduce the fire hazard. The Commission staff will review public comments received on the ANPRM and conduct research to identify and measure the fire hazard presented by burning bedclothes and the relationship with mattresses. Staff will prepare a decision package for Commission consideration.

3805. • POSSIBLE REVOCATION OR AMENDMENT OF STANDARD FOR THE FLAMMABILITY OF MATTRESSES AND MATTRESS PADS (CIGARETTE IGNITION)

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Unfunded Mandates: Undetermined

Legal Authority: 15 USC 1193, Flammable Fabrics Act

CFR Citation: 16 CFR 1632

Legal Deadline: None

Abstract: The Commission published an advance notice of proposed rulemaking (ANPR) in the Federal Register on June 23, 2005, requesting comments on a rulemaking proceeding that could result in revoking or amending its existing flammability standard that includes a test for cigarette ignition of mattresses and mattress pads (16 CFR Part 1632). On January 13, 2005, the Commission issued a proposed flammability standard for mattresses and mattress and foundation sets that prescribes an open flame ignition test. Some commenters to that rulemaking stated that they believe that once the new mattress standard is in effect the cigarette ignition test currently required in 16 CFR 1632 will not be necessary and conducting both tests will be burdensome for industry. The Commission issued this ANPR to begin consideration of whether the existing

Completed Actions

3806. TEST METHOD FOR DETERMINING APPLICABILITY OF CAUTIONARY LABELING AND CHILD-RESISTANT PACKAGING TO HYDROCARBON-CONTAINING PRODUCTS IN SPRAY PACKAGING

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 15 USC 1471, Poison Prevention Packaging Act; 15 USC 1261(p), Federal Hazardous Substances Act

CFR Citation: Not Yet Determined

Legal Deadline: None

Abstract: On January 3, 2000, CPSC issued a notice of proposed rulemaking under the Poison Prevention Packaging Act (PPPA) to require child-resistant packaging of prepackaged products that contain liquid hydrocarbons of low viscosity, including aerosol/trigger/pump packaged products (spray products) that expel product in a stream. The final rule issued on October 25, 2001, covered liquid hydrocarbon-containing products other than these spray products.

Under current CPSC guidance, special cautionary labeling under the Federal Hazardous Substances Act (FHSA) would also be required for most hydrocarbon-containing spray products that expel product as a stream. The staff has now developed a quantitative test method to identify those hydrocarbon-containing spray products that pose an aspiration hazard. The staff is preparing a briefing package for the Commission's consideration that may recommend using this test method to determine applicability of the FHSA special cautionary labeling and PPPA child-resistant packaging requirements to spray products that expel product in a stream.

3807. PETITION CP 02-4/HP 02-1 REQUESTING A BAN OF ALL-TERRAIN VEHICLES THAT ARE SOLD FOR THE USE OF CHILDREN UNDER 16 YEARS OLD

Priority: Substantive, Nonsignificant

Legal Authority: 5 USC 553(e), Administrative Procedure Act; 15 USC 2056, Consumer Product Safety Act; 15 USC 1261, Federal Hazardous Substances Act

CFR Citation: None

Legal Deadline: None

Abstract: A petition from the Consumer Federation of America and several other groups requests that the Commission ban adult-sized four-wheel, all-terrain vehicles (ATVs) that are sold for the use of children under age 16. The petitioners assert that these

ATVs pose an unreasonable risk of injury and death to children. In January 2003, the Commission released a risk analysis of ATV use. The Commission held a public hearing on June 5, 2003, in Morgantown, WV. The staff sent a briefing package to the Commission on February 4, 2005. A staff briefing and public meeting to receive comments concerning the petition was held on March 22, 2005. On October 5, 2005 the Commission voted to defer action on the petition.
