

out of rank order, for either of the following reasons:

(a) A determination that a lower ranked applicant better addresses one or more of the program priorities set forth in the FFO. The National Director (or his/her designee) reserves the right to conduct one or more site visits, in order to make a better assessment of an applicant's capability to achieve the program priorities; or

(b) The availability of MBDA funding. Prior to making a final recommendation for funding to the Grants Officer, MBDA may conduct negotiations with an applicant that Selecting Official anticipates recommending and/or request that the applicant provide written clarifications regarding its application.

Intergovernmental Review: Applications under this program are not subject to Executive Order 12372, "Intergovernmental Review of Federal Programs."

Limitation of Liability: In no event will MBDA or the Department of Commerce be responsible for proposal preparation. All funding periods under the award are subject to the availability of funds to support the continuation of the project. Publication of this notice does not obligate MBDA or the Department of Commerce to award any specific project or to obligate any available funds. FY 2011 funds have not yet been appropriated for the MBC program.

Universal Identifier: All applicants will be required to provide a Dun and Bradstreet Data Universal Numbering system (DUNS) number during the application process. See the June 27, 2003 **Federal Register** notice (68 FR 38402) for additional information. Organizations can receive a DUNS number at no cost by calling the dedicated toll-free DUNS Number request line at 1-866-705-5711 or by accessing the Grants.gov Web site at <http://www.Grants.gov>.

Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements: The Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements contained in the **Federal Register** notice of February 11, 2008 (73 FR 7696) are applicable to this solicitation.

Paperwork Reduction Act: This document contains collection-of-information requirements subject to the Paperwork Reduction Act (PRA). The use of the MBDA Performance Online Database and of Standard Forms 424, 424A, 424B, SF-LLL, and CD-346 have been approved by the Office of Management and Budget (OMB) under

the respective control numbers 0640-0002, 4040-0004, 4040-0006, 4040-0007, 0348-0046 and 0605-0001. Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subject to penalty for failure to comply with, a collection of information subject to the requirements of the PRA, unless that collection of information displays a currently valid OMB control number.

Executive Order 12866: This notice has been determined to be not significant for purposes of E.O. 12866.

Administrative Procedure Act/Regulatory Flexibility Act: Prior notice and an opportunity for public comment are not required by the Administrative Procedure Act for rules concerning public property, loans, grants, benefits, or contracts (5 U.S.C. 533(a)(2)). Because notice and opportunity for comment are not required pursuant to 5 U.S.C. 533 or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C 601 *et seq.*) are inapplicable. Therefore, a regulatory flexibility analysis is not required and has not been prepared.

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, the CPSC has submitted the following proposed collection of information to OMB for review and clearance: Requirements for Non-Full-Size Baby Cribs—(OMB Control Number 3041-0012—Extension).

The safety regulations for non-full-size baby cribs (also referred to as "non-full-size cribs") are codified at 16 CFR Part 1509 and 16 CFR 1500.18(a)(14). These regulations were issued to reduce hazards of strangulation, suffocation, pinching, bruising, laceration, and other injuries associated with non-full-size cribs. (A non-full-size crib is a crib having an interior length greater than 55 inches or smaller than 49³/₄; inches; or an interior width greater than 30³/₈; inches or smaller than 25³/₈; inches; or both.) The regulations prescribe performance, design, and labeling requirements for non-full-size cribs. They also require manufacturers and importers of those products to maintain sales records for a period of three years after the manufacture or importation of non-full-size cribs. If any non-full-size cribs subject to provisions of 16 CFR 1500.18(a)(14) and part 1509 fail to comply in a manner to warrant a recall, the required records can be used by the manufacturer or importer and by the Commission to identify those persons and firms who should be notified of the recall.

In the **Federal Register** of June 28, 2010 (75 FR 36637), the CPSC published a 60-day notice requesting public comment on the proposed collection of information. No comments were received.

We estimate the burden of this collection of information as follows. Approximately 16 firms manufacture or import non-full-size baby cribs and are subject to the record keeping requirements. The Commission staff

estimates that the record keeping will take five hours per firm for obtaining the information from existing sales and distribution data. The annualized cost to respondents for the burden for collection of information is approximately \$2,222. This estimated cost to respondents is based on 80 hours (16 firms × 5 hours each) multiplied by a cost of \$27.78 per hour (Bureau of Labor Statistics, Total Compensation, All workers, goods-producing industries, Sales and office, September 2009, Table 9) or \$2,222.40, which we have rounded down to \$2,222.

The cost to the government (wages and benefits) for 8 hours staff time to review the information (½ hour per firm) is approximately \$655. Assuming that the employee reviewing the records will be a GS-14 level employee, the average hourly wage rate for a mid-level GS-14 employee in the Washington, DC metropolitan area, effective as of January 2010, is \$57.33. This represents 70 percent of total compensation (Bureau of Labor Statistics, March 2010, percentage wages and salaries for all civilian management, professional, and related employees, Table 1). Adding an additional 30 percent for benefits brings average hourly compensation for a mid-range GS-14 employee to \$81.89. Thus, 8 hours multiplied against an hourly compensation figure of \$81.89 results in an estimated cost to the government of \$655.12, which we have rounded down to \$655.

Dated: September 21, 2010.

Todd A. Stevenson,
Secretary, Consumer Product Safety
Commission.

The safety regulations for full-size baby cribs (also referred to as “full-size cribs”) are codified at 16 CFR part 1508 and 16 CFR 1500.18(a)(13). These regulations were issued to reduce hazards of strangulation, suffocation, pinching, bruising, laceration, and other injuries associated with full-size cribs. (Full-size cribs have specific interior dimensions, 28 ± ⅝ inches (71 ± 1.6 centimeters) wide by 52 ⅜ ± ⅝ inches (133 ± 1.6 centimeters) long). The regulations prescribe performance, design, and labeling requirements for full-size cribs. They also require manufacturers and importers of those products to maintain sales records for a period of three years after the manufacture or importation of full-size cribs. If any full-size cribs subject to provisions of 16 CFR 1500.18(a)(13) and Part 1508 fail to comply in a manner to warrant a recall, the required records can be used by the manufacturer or importer and by the Commission to identify those persons and firms who should be notified of the recall. The Commission will consider all comments received in response to this notice before requesting approval of this collection of information from OMB.

In the **Federal Register** of June 28, 2010 (75 FR 36638), the CPSC published a 60-day notice requesting public comment on the proposed collection of information. No comments were received.

We estimate the burden of this collection of information as follows. Approximately 75 firms manufacture or import full-size baby cribs and are subject to the recordkeeping requirements. The Commission staff estimates that the recordkeeping will take five hours per firm for obtaining the information from existing sales and distribution data. The annualized cost to respondents for the burden for collection of information is \$10,417.50 based on 375 hours (75 firms × 5 hours each) multiplied by a cost of \$27.78 per hour (Bureau of Labor Statistics, Total Compensation, All workers, goods-producing industries, Sales and office, September 2009, Table 9).

The cost to the government (wages and benefits) for 37.5 hours staff time to review the information (½ hour per firm) is approximately \$3,071. Assuming that the employee reviewing the records will be a GS-14 level employee, the average hourly wage rate for a mid-level GS-14 employee in the Washington, DC metropolitan area, effective as of January 2010, is \$57.33. This represents 70 percent of total compensation (Bureau of Labor Statistics, March 2010, percentage wages and salaries for all civilian management, professional, and related employees, Table 1). Adding an additional 30 percent for benefits brings average hourly compensation for a mid-range GS-14 employee to \$81.89. Thus, 37.5 hours multiplied against an hourly compensation figure of \$81.89 results in an estimated cost to the government of \$3,070.87, which we have rounded up to \$3,071.

Dated: September 21, 2010.
