

sales negotiation correspondence and the unverifiable nature of this correspondence; and (f) the unverifiable nature of Nhat Duc's founding capital sources.

Nhat Duc only made a single, non-*bona fide* sale during the POR. Therefore, the Department is rescinding this review because there are no reviewable sales during the POR. See *TTCP* at 1249. Because the Department is rescinding the new shipper review, we are not making a determination as to whether Nhat Duc qualifies for a separate rate. Therefore, Nhat Duc will remain part of the Vietnam-wide entity.

Cash Deposit Rates

The following cash deposit requirements continue to apply for all shipments of subject merchandise from Nhat Duc entered, or withdrawn from warehouse: (1) For subject merchandise produced and exported by Nhat Duc, the cash deposit rate will continue to be the Vietnam-wide rate (*i.e.*, 25.76 percent); (2) for subject merchandise exported by Nhat Duc but not manufactured by Nhat Duc, the cash deposit rate will continue to be the Vietnam-wide rate (*i.e.*, 25.76 percent); and (3) for subject merchandise manufactured by Nhat Duc, but exported by any other party, the cash deposit rate will be the rate applicable to the exporter. These cash deposit requirements shall remain in effect until further notice.

This notice also serves as a reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. This notice solicits comments on a proposed collection of information on recordkeeping requirements under the safety regulations for non-full-size baby cribs.

DATES: Submit written or electronic comments on the collection of information by August 27, 2010.

FOR FURTHER INFORMATION CONTACT: Linda L. Glatz, Division of Policy and Planning, Office of Information Technology, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814, (301) 504-7671. lglatz@cpsc.gov.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the

Office of Management and Budget ("OMB") for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the CPSC is publishing notice of the proposed collection of information set forth in this document.

With respect to the following collection of information, the CPSC invites comments on these topics: (1) Whether the proposed collection of information is necessary for the proper performance of CPSC's functions, including whether the information will have practical utility; (2) the accuracy of CPSC's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques, when appropriate, and other forms of information technology.

Title: Requirements for Non-Full-Size Baby Cribs—16 CFR Part 1509 and 16 CFR 1500.18(a)(14) (OMB Control Number 3041-0012—Extension). The safety regulations for non-full-size baby cribs (also referred to as "non-full-size cribs") are codified at 16 CFR Part 1509 and 16 CFR 1500.18(a)(14). These regulations were issued to reduce hazards of strangulation, suffocation, pinching, bruising, laceration, and other injuries associated with non-full-size cribs. (A non-full-size crib is a crib having an interior length greater than 55 inches or smaller than 49³/₄ inches; or an interior width greater than 30⁵/₈ inches or smaller than 25³/₈ inches; or both.) The regulations prescribe performance, design, and labeling requirements for non-full-size cribs. They also require manufacturers and importers of those products to maintain sales records for a period of three years after the manufacture or importation of non-full-size cribs. If any non-full-size cribs subject to provisions of 16 CFR 1500.18(a)(14) and part 1509 fail to comply in a manner to warrant a recall,

the required records can be used by the manufacturer or importer and by the Commission to identify those persons and firms who should be notified of the recall. The Commission will consider all comments received in response to this notice before requesting approval of this collection of information from OMB.

Estimated Burden: Approximately 16 firms manufacture or import non-full-size baby cribs and are subject to the recordkeeping requirements. The Commission staff estimates that the recordkeeping will take five hours per firm for obtaining the information from existing sales and distribution data. The annualized cost to respondents for the burden for collection of information is approximately \$2,222. This estimated cost to respondents is based on 80 hours (16 firms × 5 hours each) multiplied by a cost of \$27.78 per hour (Bureau of Labor Statistics, Total Compensation, All workers, goods-producing industries, Sales and office, September 2009, Table 9) or \$2,222.40, which we have rounded down to \$2,222.

The cost to the government (wages and benefits) for 8 hours staff time to review the information (½ hour per firm) is approximately \$655. Assuming that the employee reviewing the records will be a GS-14 level employee, the average hourly wage rate for a mid-level GS-14 employee in the Washington, DC metropolitan area, effective as of January 2010, is \$57.33. This represents 70 percent of total compensation (Bureau of Labor Statistics, March 2010, percentage wages and salaries for all civilian management, professional, and related employees, Table 1). Adding an additional 30 percent for benefits brings average hourly compensation for a mid-range GS-14 employee to \$81.89. Thus, 8 hours multiplied against an hourly compensation figure of \$81.89 results in an estimated cost to the government of \$655.12, which we have rounded down to \$655.

Dated: June 22, 2010.

Todd A. Stevenson,
Secretary, Consumer Product Safety Commission.

information is necessary for the proper performance of CPSC’s functions, including whether the information will have practical utility; (2) the accuracy of CPSC’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques, when appropriate, and other forms of information technology.

Title: Requirements for Full-Size Baby Cribs—16 CFR part 1508 and 16 CFR 1500.18(a)(13) (OMB Control Number 3041-0013—Extension). The safety regulations for full-size baby cribs (also referred to as “full-size cribs”) are codified at 16 CFR part 1508 and 16 CFR 1500.18(a)(13). These regulations were issued to reduce hazards of strangulation, suffocation, pinching, bruising, laceration, and other injuries associated with full-size cribs. (Full-size cribs have specific interior dimensions, $28 \pm \frac{5}{8}$ inches (71 ± 1.6 centimeters) wide by $52\frac{3}{8} \pm \frac{5}{8}$ inches (133 ± 1.6 centimeters) long). The regulations prescribe performance, design, and labeling requirements for full-size cribs. They also require manufacturers and importers of those products to maintain sales records for a period of three years after the manufacture or importation of full-size cribs. If any full-size cribs subject to provisions of 16 CFR 1500.18(a)(13) and part 1508 fail to comply in a manner to warrant a recall, the required records can be used by the manufacturer or importer and by the Commission to identify those persons and firms who should be notified of the recall. The Commission will consider all comments received in response to this notice before requesting approval of this collection of information from OMB.

Estimated Burden: Approximately 75 firms manufacture or import full-size baby cribs and are subject to the recordkeeping requirements. The Commission staff estimates that the recordkeeping will take five hours per firm for obtaining the information from existing sales and distribution data. The annualized cost to respondents for the burden of collection of information is \$10,417.50 based on 375 hours (75 firms × 5 hours each) multiplied by a cost of \$27.78 per hour (Bureau of Labor Statistics, Total Compensation, All workers, goods-producing industries, Sales and office, September 2009, Table 9).
