SUMMARY OF MEETING:

Mr. King provided an overview of CPSC staff activities related to arc-fault circuit-interrupters (AFCIs). Messrs. King and Smittle agreed to share information related to the development of future proposals to revise the National Electrical Code (NEC) with regard to applications for AFCIs. Mr. Smittle will assist in providing information regarding the experience in Vermont where the state electrical code included a requirement for AFCIs that became effective in January 2001.
