Summary of Meeting:

Staff reported two children brake lever impalement cases and requested the subcommittee to establish requirements to prevent injuries from children's bicycle brake levers. The subcommittee formed a task group to address this issue.

The task group discussed renewal of standards and work items, particularly reviews of standards that had not been revised recently. Task group chairs will present progress updates at the next meeting.

Next Steps:

Staff will participate in the task group regarding brake levers. Staff will attend the next subcommittee meeting when scheduled.
