Summary of Meeting:

The subcommittee met and reviewed the working draft of the standard safety and performance specification for soccer goals under 40 lbs. Members discussed a series of additional features and criteria to be addressed in the next meeting, including netting size, potential pinching points during assembly and disassembly, clarifying language to exclude toys from the standard, and considerations regarding stake usage and the inclusion of additional warnings.

A subcommittee member will revise the working draft and notify the group when it is ready for further review.

Next Steps:

A poll will be sent out to the group to determine a date for the next meeting. The meeting is expected to take place in approximately four weeks and will be held via Webex teleconference.
