September 20, 2022

Ms. Katharine E. Morgan
President
ASTM International
100 Barr Harbor Drive
West Conshohocken, PA 19428

Dear Ms. Morgan:

Thank you for your letter of May 23, 2022, to the U.S. Consumer Product Safety Commission (CPSC), notifying the CPSC about publication of a revised standard, ASTM F2907 – 22, Standard Consumer Safety Specification for Sling Carriers.

The Commission has accepted the revised voluntary standard and has published in the *Federal Register* a direct final rule to update the Safety Standard for Sling Carriers, 16 CFR part 1228, to incorporate by reference ASTM F2907 – 22 (87 *Fed. Reg.* 50,929 (August 19, 2022)).

The effective date of the standard is November 19, 2022. I am enclosing a copy of the *Federal Register* notice.

Under the procedures for read-only access agreed to by ASTM, CPSC requests that a read-only version of ASTM F2907 – 22, Standard Consumer Safety Specification for Sling Carriers, be made available to the public in the ASTM Reading Room (www.astm.org/READINGLIBRARY/) as of November 19, 2022.

Thank you for your assistance.

Sincerely,

Zachary Foster
CPSC Project Manager for Sling Carriers
Directorate for Engineering Sciences, Division of Human Factors

Enclosure(s): *Federal Register Notice*
