

Date	Firm and Product	Alleged Hazard	Remedy
06/95	Specialized Bicycle Components Inc Morgan Hills, CA 95037  Future F/S suspension forks	The rider may fall if the front fork was to separate or come apart during use.	Consumers should contact the dealer for repair or replacement of the forks.
06/95	MECO Corporation Greeneville, TN 37743  MECO water smokers models 5022-3, 504-2 and 5025-2	Hot coals and ashes could fall through the hole in the bottom of exposed charcoal pan and onto the surface below. If this surface is combustible, a fire could result.	In May of 1995, MECO sent notices to its customers offering a repair kit free of charge that includes washers to cover the hole in the pan.
06/95	Canplas Industries Ltd. Barrie, ON  ElectraValve plug receptacle of central vacuum system	If the Electra Valve two hole plug receptacle has a ground wire within the plug, the wires can short circuit the conductors.	The firm replaced the defective product with a new plug receptacle.
06/95	Black & Decker, Inc. Towson, MD 21286  1710 Type 1, 10" miter saw	The power cord could be damaged during shipment of the saw.	Contact the company to receive a replacement cord or saw.
06/95	Linon Home Decor Products, Inc. New York, NY  Prestige molded resin chair	The resin chair may collapse due to cracking and splitting of its legs.	The firm recalled the chairs offering consumers a safer replacement chair or a refund of the purchase.

<b>Date</b>	<b>Firm and Product</b>	<b>Alleged Hazard</b>	<b>Remedy</b>
07/95	Marzocchi Spa dba Marzocchi Suspension Center Valencia, CA 91355  Crown on a bicycle suspension fork	If the crown breaks and fork fails, the rider could suffer a fall and be injured	The firm notified all dealers and distributors of the suspension fork. They mailed safety alerts and posters to authorized dealers and used an 800 toll free number for consumer reaction.
07/95	Red Rocket Fireworks Ponchatoula, LA  Bombard 7 Shots, item W254 firework device	The device may tip over during use firing its charges into nearby persons. Potential burn hazard exist.	The firm voluntarily destroyed its current inventory. No distribution of the item was made during 1994 & 1995 fireworks seasons.
07/95	Ikea NA Services Plymouth Meeting, PA 19462  Bonde TV cabinet	Under the weight of a 31"-35" television, the shelf could collapse causing the television to fall onto a consumer causing a serious or fatal injury.	New units of the cabinet were redesigned to hold more weight. The firm offered consumers a repair or replacement of the original cabinet or a refund of the purchase price.
07/95	Radio Flyer, Inc. Chicago, IL 60635  Power Trike and Tornado tricycles	A defective weld on the front fork could break during use causing the rider to lose control.	The firm redesigned the forks for future production and recalled the products from the consumer level.

<b>Date</b>	<b>Firm and Product</b>	<b>Alleged Hazard</b>	<b>Remedy</b>
07/95	Polaris Industries LP Minneapolis, MN  1994 Trailblazer 250, Trailboss 250, & 4 x 4 400 all-terrain vehicles	A loose suspension bolt could result in diminished steering possibly resulting in a crash	The firm sent Safety Bulletins to all Polaris dealers, distributors and warranty card holders. A replacement will be done free of charge to consumers.
07/95	Magic Motorcycle Co Langley, WA  Bicycle crankset	A cracked or broken crankset could result in a possible loss of bicycle control and a fall to the rider.	The firm notified all dealers and purchasers to replace the defective units.
07/95	North Central Industries Muncie, IN 47307  Fireworks device, 7 shots Sky Thunder # GG0216	Device may tip over during use and fire its charges horizontally.	The firm voluntarily withheld distribution of device. Product is being held for export back to the supplier in Hong Kong.
07/95	B.A.T. Manufacturing Co. Irving, TX 75061  Zippered bean bag chair	Young children may gain access to the inner foam pellets, inhale them and die of suffocation.	Consumers should contact the firm to have their bean bag chairs retrofitted.
07/95	Meyer Corporation South San Francisco, CA 94080  8" and 12" frying pan "Meyer Commercial"	The metal screw which attaches to the handle of the pan can corrode and break causing burns or fire.	Firm redesigned handle with a hole in the handle to allow for water to drain which decreases the likelihood of the metal screw corroding.

<b>Date</b>	<b>Firm and Product</b>	<b>Alleged Hazard</b>	<b>Remedy</b>
07/95	Florida Splendid China Kissimmee, FL  Table lamp	The unit has electrical component defects that caused over heating and electrocution hazards.	The firm recalled the product and reconditioned its inventory and returned units.
07/95	ERO Industries Mt. Prospect, IL  Zippered bean bag chair	Young children may open the zipper, inhale the foam pellets and die of suffocation	Consumers should return the bags to the retailer to be retrofitted.
07/95	Marley Electric Heating Bennettsville, SC 29512  Fan-forced electric unit heater	The heater is labeled with incorrect wiring instructions which may result in overheating and a potential fire hazard.	The firm replaced the incorrect labels offering a free replacement of the miswired unit to consumers.
07/95	Island Fireworks Co., Inc. Hager City, WI 54014  Firework device Bomb Cluster 7 Shots W254A-7	The device may tip over during use and fire its charges horizonally.	The firm voluntarily withheld distribution of the device. Labels were removed and devices will be used in fireworks display shows performed by the firm.
07/95	Dixie Marketing & Playground Equipment Hartselle, AL  Children's playhouse	A young child could get its head trapped in the spacings between the boards in the roof, resulting in a strangulation hazard	During July 1995 the firm sent a notice and replacement canvas top to its customers who purchased the playhouse. Instructions were included to assist the customer in removing the old roof.

<b>Date</b>	<b>Firm and Product</b>	<b>Alleged Hazard</b>	<b>Remedy</b>
08/95	Fisher-Price, Inc. East Aurora, NY  Baseball pitching machine	Consumers may sustain acid burns from overheated/ruptured batteries.	The firm offered consumers a temperature-limiting device to prevent battery overheating.
08/95	Century Manufacturing Minneapolis, MN  12-Volt battery chargers models 934 716140, 934.716150 and 934.716200	Consumers can receive an electrical shock from a fine strand of wire that may protrude from the power cord plug in a small percentage of chargers sold.	The firm will repair or replace the unit.
08/95	Schwinn Cycling & Fitness Boulder, CO  Handlebar stem bolt in certain 1994 model Cruiser bicycles	Loss of rider control of bike is possible if handlebar stem was to become loose during operation.	The firm notified all dealers and retailers of the problem who in turn notified their customers of the replacement stem bolts being available.
08/95	Winner Products, Inc. Santa Fe Springs, CA  Emergency Lite 3-in-1 automatic night light	The night light may present a potential shock hazard.	The firm redesigned the unit offering a free replacement to consumers.
08/95	American Classic Canal Winchester, OH  Silver-Plated steel clamp bolts on aluminum and titanium bicycle seat posts	The clamp bolts for the seat posts could break causing the rider to fall.	The firm recalled the product offering consumers free replacement bolts.

<b>Date</b>	<b>Firm and Product</b>	<b>Alleged Hazard</b>	<b>Remedy</b>
08/95	John Deere & Company Moline, IL  14SB and 14SE walk-behind lawn mowers	Stress fractures can cause the blade to break during use of the mower	Consumers are to contact the company to receive a replacement blade.
08/95	Pine Cone Rustics Mfg Madison, MN 56256  Models 300 and 280 wooden bunk beds	Children may become entrapped between spaces in the top bunk.	Consumers should contact the company to receive a repair kit for the guardrails.
08/95	Glass Dimensions Essex, MA 01929  Satellite oil candlestick item #604, 608, 604C through 608C, 654 and 654C	Fuel overflow may occur when there is not enough free air outlet between the wick holder support and the metal grommet.	Consumers are to return the unit to the retail store where purchased for a refund.
08/95	Current, Inc. Colorado Springs, CO  Musical plush bunny	A red paper circle may detach from the fabric egg and present a potential choking hazard.	Firm mailed letters to purchasers instructing them to remove and discard the paper circles.
08/95	KN Energy, Inc. Lakewood, CO 80228  Propane gas	Burns and other injuries may result from explosions or fires from undetected gas	Propane tickets are now printed more accurately to identify level of odorant. "CC of Ethylmercaptan" replaced with "LB Ethylmercaptan". Notified customers of potential problem.

<b>Date</b>	<b>Firm and Product</b>	<b>Alleged Hazard</b>	<b>Remedy</b>
08/95	Americgas Valley Forge, PA 19482  Propane gas	Burns and other injuries from explosions or fires from undetected gas.	The firm notified retailers, conducted on-site sniff tests, stain-tube, and chromatograph tests. Tanks with low or no stench were either injected with ethyl mercaptan or replaced with new stench propane.
08/95	Ashland Petroleum Company Ashland, KY  Propane gas	Burns and other injuries from explosions or fires from undetected gas.	The firm provided odorant to firms with low stench levels, changed the system of injecting ethyl mercaptan into the propane, and notified customers who recently purchased the propane of potential problem.
08/95	Hallmark Cards Kansas City, MO  Candle in a tin	Use of the candle may result in excessive flare-up of the flame.	The firm stopped sales at the retail level and destroyed units in inventory.

Date	Firm and Product	Alleged Hazard	Remedy
08/95	<p>Masterbuilt Mfg., Inc. Columbus, GA</p> <p>Masterbuilt 7-in-1 Smoker-Fryer-Combo: "Cookmaster" brand, models CMSCG &amp; CMSCG10 and "Smokemaster" brand, model MBSCG. Also, 2-in-1 charcoal smoker/grill model MBCS, sold under "Smokemaster" &amp; "Cookmaster".</p>	Hot coals and ashes could fall through the holes in the sides and bottom of the exposed charcoal pan and onto the surface below. If this surface is combustible a fire could result.	In April of 1995, the firm redesigned the charcoal pan so that it no longer has any holes in its sidewall. For the 7-in-1 units, the firm has reduced the number of holes in the bottom of the pan.
08/95	<p>Scott, USA Boulder, CO</p> <p>Rear brakes on a limited number of 2 mountain bikes: Arapahoe &amp; Mohaka</p>	If the rear brakes don't function and the rider is using just those brakes to stop his bike, the brakes' failure could result in a crash or fall to the cyclist.	The firm notified all dealers and retailers of the rear brake replacement program via letter. Dealers were to identify consumers with the defective bike brakes and offer a free replacement kit and service.
08/95	<p>Dethmers Mfg. Co. Boyden, IA</p> <p>Electric boat hoists</p>	Lack of GFCI on boat hoists presents a shock or electrocution hazard.	Current and future production will include an in-line GFCI. End users will be contacted and advised of hazard.

<b>Date</b>	<b>Firm and Product</b>	<b>Alleged Hazard</b>	<b>Remedy</b>
08/95	Golden Needle dba International Caravan Fort Worth, TX  Zippered bean bag chair	Young children may open the zipper, inhale the foam pellet filling and die of suffocation.	The firm recalled the zippered bean bag chairs.
08/95	Lazy Bean Manufacturing San Francisco, CA 94105  Zippered bean bag chair	Young children may open the zipper, inhale the foam pellet filling and die of suffocation.	The firm recalled the bean bag chairs offering consumers retrofitting methods to prevent the bags from being opened by young children.
08/95	U.S. Divers, Inc. Santa Ana, CA 20518  2nd Stage scuba regulator	Use of the defective regulator may result in diminished air delivery to the diver.	The firm fixed each unit and informed all dealers and customers via mail and a safety bulletin.
08/95	Star Markets Cambridge , MA  Molded plastic chair	The chair has potential to collapse.	The firm recalled the chair.
08/95	Dura Housewares, Inc. Montreal, Canada  Dura Soleil molded resin chairs	Chair may collapse due to brittle resin.	The firm recalled the chairs offering consumers refunds of the purchase price.
09/95	Wayne Industries Clanton, AL 20703  40" by 8" electric advertising sign	Use of the defective sign may present an electric shock hazard.	The firm provided attachable GFCIs and warning labels to consumers.

<b>Date</b>	<b>Firm and Product</b>	<b>Alleged Hazard</b>	<b>Remedy</b>
09/95	Yamaha Motor Corporation, USA Cypress, CA 90630  Motorcross motorcycle, Yamaha, YZ12 5G1/SK	Loss of vehicle control can result in a crash.	Firm notified all dealers and owners through warranty cards. Repair of carburetor at no charge to owners and dealers.
09/95	Co-Line Welding Sully, IA 50251  Goalsetter basketball goal post	Improper weld at base of goal post could cause it to fall onto users	The firm conducted consumer sight visits to repair all goals at no charge to owners.
09/95	Giant, USA Rancho Dominguez, CA 90220  Bicycle fork crown	Loss of steering and bicycle control could result if crown breaks or separates causing the rider to suffer a fall.	The firm is offering consumers a \$15 credit for each fork replaced.
09/95	T-FAL Corporation Pine Brook, NJ 07058  Model 8781 Hi-Speed toaster	The toaster fails to terminate the toasting cycle and could overheat, presenting a potential fire hazard.	The firm recalled the product offering a refund or replacement to consumers.
09/95	KTM Sportmotorcycle USA, Inc. Lorain, OH 44052  Gas tank used on 1994 440 EXC, MXC motorcycle	Insufficient clearance could cause the tank to distort and possibly leak, presenting a fire hazard.	Firm will notify consumers via direct mail, to inspect the clearance between the tank and exhaust system and also, replace any defective tanks.

<b>Date</b>	<b>Firm and Product</b>	<b>Alleged Hazard</b>	<b>Remedy</b>
09/95	Marshall Gas Controls Division of S.H. L. San Marcos , TX  Marshall model 254-00 automatic changeover LP-gas regulator	During use raw gas may escape and ignite presenting a fire or explosion hazard.	The firm implemented an inspection and replacement program.
09/95	Control Tech Northwest Kent , WA  Racing bicycle handlebar stem	The stem may crack or break causing the cyclist to lose control of bicycle and possibly fall.	The firm has replaced all stems and notified dealers, retailers and consumers via mail, poster and journal ads of the defect and replacement or repair that is available.
09/95	American Harvest, Inc. Chaska, MN 55318  Food dehydrator models Snackmaster, 2200/FD-30, 2400/FD-50, and 2400T/FD-50T	The heating element in the food dehydrators can overheat, presenting a fire hazard.	The firm recalled the food dehydrators and implemented a repair program. Each repaired unit will have its warranty extended for an additional 12 months.
09/95	Reca Divison of the Cavagna Group Troy, MI 48084  LP gas monitor gauges, Gaslow, GS-1 item 13742	The gauge could separate from the assembly, this could cause a gas leak which could ignite if exposed to flame. Burns and property damage could result from this combination.	The firm offered a new gauge as a replacement.

<b>Date</b>	<b>Firm and Product</b>	<b>Alleged Hazard</b>	<b>Remedy</b>
09/95	Nova Systems Ltd. St. Charles, IL 60174  Carbon monoxide detector models "ARGUS II and SENSIT CO"	Detectors may fail to alarm when exposed to hazardous levels of carbon monoxide.	The firm recalled the units and refunded the purchase price and postage.
09/95	China Pyrotechnics Florence, AL 35631  7 shot firework devices Gold Rush #CP279 and Magnum Force #CP298	The devices could tip over during operation and fire their charges horizontally or at various angles. People nearby could be hit by these charges	China Pyrotechnics has used these devices in fabrication of other devices that are mounted on large wooden bases to prevent these units from tipping over during their functioning.
09/95	J & D Brush Hauppaugt, NY 11788  Hair dryer	The units present an electrocution hazard since they have no immersion switch.	The firm recalled the subject hair dryers from the consumer level.
09/95	P & K Trading, Inc. Long Island, NY 11101  Hair dryer	The units presented an electrocution hazard since they had no immersion switch.	The firm recalled the subject hair dryers to the consumer level.
09/95	Creative Technologies Milwaukee, WI  Grill Express model G250, date codes between 9437 and 9448	There is a potential for the product to melt during use.	Consumer should return the product to distributors for a repair.

## APPENDIX G: Litigation and Settlements

## **Litigation and Settlements**

Part I of this appendix summarizes the federal court cases, categorized by type, to which the Commission was a party during fiscal year 1995. Part II summarizes the civil penalty settlement agreements accepted by the Commission during fiscal year 1995.

### **Part I**

#### **Criminal Case**

**U.S. v. Luv N' Care, Inc. et al.**, No. CR94-3002301 (W D. La.). On August 11, 1994 a federal grand jury in Shreveport, Louisiana returned an indictment against three related companies and two corporate officers, Nouri E. Hakim and Joseph H. Hakim. The case charged the defendants with violating the Federal Hazardous Substances Act from 1990 through 1994. Specifically, it charged 15 counts of distributing pacifiers that failed to meet CPSC regulations and one count of distributing a rattle that failed to meet CPSC regulations. On August 3, 1995, the corporate defendants pled guilty to one count consisting of 14 violations of the pacifier regulations. The court sentenced them to pay a fine of \$140,000.

#### **Civil Penalty Cases**

**U.S. v. Dynamic Classics, Ltd.**, No. 94-397 (NHP) (D N.J.). On January 25, 1994 the government filed a case against Dynamic Classics, Ltd. seeking a civil penalty for the failure to report to the CPSC a defect in an exercise device, the Exer-Climber, that Dynamic imported and sold. The case charged that Dynamic had received its first consumer complaint about the Exer-Climber in November 1989 and received 65 complaints before reporting to CPSC in November 1990. On May 2, 1994 Dynamic filed an answer. On May 20, 1994 Dynamic filed a motion to change venue to New York, which the government opposed and the magistrate denied on July 11, 1994. On May 27, 1994 the government moved for summary judgment, which Dynamic opposed. On July 14, 1994 Dynamic moved to dismiss the case or for summary judgment, which the government opposed. Dynamic appealed the magistrate's venue ruling to the Judge on September 6, 1994, and the judge affirmed it on November 16, 1994. On February 27, 1995 the judge heard oral argument on all dispositive motions. On June 2, 1995 the judge ruled that the Exer-Climber is a "consumer product" under the Consumer Product Safety Act; denied Dynamic's motions for summary judgment or in the alternative for dismissal; and denied the government's motion for summary judgment. Between June and August 1995 the parties engaged in some discovery. On August 23, 1995 Dynamic filed a voluntary petition of bankruptcy (chapter 11) in U.S. Bankruptcy Court for the Southern District of New York. On September 14, 1995 the parties agreed to settle the case for a payment of \$150,000.

**U.S. v. High Star Toys, Inc., No. CV94-7723-IH (C.D. Calif.).** On twelve occasions between April 6, 1991 and October 11, 1994, High Star Toys, Inc. imported 19 different toys for children under three that failed to comply with the Commission's small parts regulation. On November 15, 1994 the government filed a complaint for civil penalties. On February 9, 1995 the parties filed a consent decree requiring High Star to pay \$45,000.

### **Seizure Case**

**U.S. v. 155 Nesting Dolls, More or Less, No. 93C 5404 (N.D. Ill.).** On September 2, 1993 the government filed an action seeking the seizure of 155 Russian nesting dolls that violated the Commission's lead paint regulation. On October 6, 1993 the importer, Marina's Russian Collections, filed an answer. On April 25, 1995 the government filed a motion for summary judgment. On May 30, 1995 the judge granted that motion, and the dolls were destroyed.

### **Subpoena Enforcement Cases**

**U.S. v. D-M Sales Corporation, No. 94-206 (E.D.N.Y.).** On August 2, 1994 the Commission issued to Raymond Mizrahi, President of D-M Sales, a Special Order and Subpoena concerning extension cords and crayons. After D-M ignored repeated requests from the Commission to respond to the subpoena, the government filed an enforcement case on December 16, 1994. On February 1, 1995, the judge ordered D-M to comply with the subpoena. D-M provided responses which the government deemed insufficient. On March 17, 1995 the judge ordered D-M to comply fully within 15 days or face sanctions of \$100 per day. After D-M still failed to comply, the government noticed that it would move for contempt, which it did on August 17, 1995.

**U.S. v. Advance International, Inc., et al., No. M-18-304 (S.D.N.Y.).** On December 22, 1994 the Commission issued to Advance and its president, Herbert Feinberg, a Special Order and Subpoena concerning Christmas tree lights. Advance provided inadequate responses on February 6 and March 13, 1995. On July 14, 1995 the government filed a petition to enforce the subpoena. At a hearing on August 8, 1995, the judge ordered Advance to comply with it. On September 1, 1995 Advance complied fully with the Commission's subpoena.

### **Contempt Case**

**U.S. v. Toy Power Inc. and Michael Wu, No. CV89-2099-SVW(BX).** In 1989 Toy Power, an importer and distributor of toys and other children's products, consented to a court decree which required it to test its toys for compliance with the Commission's small parts and lead paint regulations. The Commission later found that Toy Power imported, without testing, 25 different models of painted toys. The Commission also found that the firm imported 10 different toys for children under three years of age that were banned for containing small parts. On

September 14, 1994 Toy Power and its president, Michael Wu, signed a modified consent decree requiring them to pay \$115,000, to notify the Commission in writing at least 10 days before importing any toys into the country, and to refrain from violating the Federal Hazardous Substances Act. On October 13, 1994 the judge signed the new decree, and on December 9, 1994 the court entered it.

### **Case Against the Commission**

**O'Keeffe's, Inc. v. CPSC**, No. 94-70580 (9th Cir.). On September 20, 1994 O'Keeffe's petitioned the court for review of the Commission's decision to deny an administrative petition that O'Keeffe's had filed on March 6, 1992. The administrative petition had sought a rulemaking proceeding for amendment of the Commission's safety standard on architectural glazing materials to (1) eliminate the exception from the requirements of the standard for wired glass used in fire doors and (2) to extend the scope of the standard to include transparent ceramic materials. On July 22, 1994 the Commission denied the petition. O'Keeffe's filed its brief on December 12, 1994, and the government filed its brief on January 11, 1995. On January 26, 1995 O'Keeffe's filed a motion to supplement the record, which the court denied on February 2, 1995 and the government opposed on February 3, 1995. O'Keeffe's filed its reply brief on January 27, 1995.

### **Warrant Case**

**In the Matter of Establishment Inspection of Magnolia Garment Corp.**, Nos. 3-95-MC-26N and 3-95-MC-25S (S.D. Miss.). Because two of Magnolia's garments failed to comply with its sleepwear flammability standards, the Commission planned an inspection of the firm. Magnolia refused to permit the Commission's investigators to enter its premises on September 26, 1995. After the government obtained an establishment inspection warrant, the investigators returned to Magnolia and performed the inspection the same day.

## **Part II**

### **Civil Penalty Agreements Accepted By The Commission**

*In the Matter of Gund, Inc* , CPSC Docket No. 95-C0001. The firm paid a civil penalty of \$150,000 to settle the staff's allegations that it knowingly violated the FHSA by distributing violative toys. The final order was issued on November 7, 1994.

*In the Matter of Bee International, Inc* , CPSC Docket No. 95-C0002. The firm paid a civil penalty of \$65,000 to settle the staff's allegations that it knowingly (i) violated the FHSA by distributing violative toys; and (ii) failed to comply with the Commission's export notification requirements. The final order was issued on November 7, 1994.

*In the Matter of Concord Enterprises, Inc* , CPSC Docket No. 95-C0003. The firm paid a civil penalty of \$60,000 to settle the staff's allegations that it knowingly violated the FHSA by distributing violative toys. The final order was issued on November 29, 1994.

*In the Matter of Bethany Sales Company, Inc.*, CPSC Docket No. 95-C0004. The firm paid a civil penalty of \$10,000 to settle staff allegations that it knowingly violated the FHSA by distributing banned fireworks devices from 1991 through 1994. The final order was issued on January 3, 1995.

*In the Matter of Golden Gate Fireworks, Inc* , CPSC Docket No. 95-C0005. The firm paid a civil penalty of \$10,000 to settle the staff's allegations that it knowingly violated the FHSA by distributing violative fireworks devices. The final order was issued on January 3, 1995.

*In the Matter of Boley Corporation*, CPSC Docket No. 95-C0006. The firm paid a civil penalty of \$60,000 to settle the staff's allegations that it knowingly violated the FHSA by distributing violative toys. The final order was issued on February 3, 1995.

*In the Matter of General Nitewear Corp* , CPSC Docket 95-C0007. The firm paid a civil penalty of \$110,000 to settle the staff's allegations that it knowingly violated the Flammable Fabrics Act by distributing violative children's sleepwear. The final order was issued on March 3, 1995.

*In the Matter of Toy Wonders, Inc* , CPSC Docket No. 95-C0008. The firm paid a \$75,000 civil penalty to settle the staff's allegations that it knowingly violated the FHSA by distributing violative toys. The final order was issued on April 25, 1995.

*In the Matter of Neptune Fireworks Company, Inc* , CPSC Docket No. 95-C0009. The firm paid a civil penalty of \$45,000 to settle the staff's allegations that it knowingly violated the FHSA by distributing violative fireworks. The final order was issued on May 1, 1995.

*In the Matter of Giant Bicycle, Inc* , CPSC Docket No. 95-C0010. The firm paid an \$85,000 civil penalty to settle staff allegations that it violated the FHSA by distributing violative bicycles. The final order was issued May 3, 1995.

*In the Matter of Outboard Marine Corporation*, CPSC Docket No. 95-C0011. The firm paid a civil penalty of \$75,000 to settle the staff's allegations that it knowingly violated the CPSA by failing to report a potential substantial product hazard presented by leaking gas tanks on lawn mowers. The final order was issued May 8, 1995.

*In the Matter of ABC School Supply, Inc.*, CPSC Docket No. 95-C0012. The firm paid a civil penalty of \$45,000 to settle the staff's allegations that it knowingly violated the FHSA by distributing violative toys. The final order was issued on July 24, 1995.

*In the Matter of Howland Caribbean Corporation*, CPSC Docket No. 95-C0013. The firm paid a civil penalty of \$75,000 to settle the staff's allegations that it knowingly violated the FHSA by distributing violative rattles and toys. The final order was issued on August 7, 1995.

*In the Matter of Terri Treat, d/b/a Cotton Cloud Futon Corporation*, CPSC Docket No. 95-C0014. The firm paid a civil penalty of \$10,000 to settle the staff's allegations that it knowingly violated the FFA by distributing violative futon mattresses. The final order was issued on August 16, 1995.

*In the Matter of Kids II, Inc. (formerly Pansy Ellen)*, CPSC Docket No. 95-C0016. The firm paid a civil penalty of \$85,000 to resolve allegations that it knowingly violated the CPSA by failing to report a defect in its Graduate Booster Seats. The final order was issued on October 18, 1994.

## APPENDIX H: Index of Products Regulated by CPSC

## Index of Products Regulated By CPSC

Product	Act	Type of Regulation	Reference Source. Title 16 CFR Part Number
Acetaminophen	PPPA	special packaging exemption	1700.14(a)(16) 1700.14(a)(16)(i),(ii)
Acetic acid	HSA	labeling	1500.129(g)
Acetonitrile (see glue remover)			
Adhesives, containing methyl alcohol	HSA	labeling	1500.133
	HSA	exemption from labeling	1500.83(a)(34)
nitrocellulose base	HSA	exemption from labeling	1500.83(a)(10)
floor covering	HSA	exemption from labeling	1500.83(a)(13)
extremely flammable contact	CPSA	ban	1302
	CPSA	to be regulated under CPSA	1145.3
Aerosols (see self-pressurized products)	HSA	suggested labeling	1500.130
Aluminized polyester film kite	HSA	ban	1500.18(c)(1)
Ammonia, ammonia water (house- hold), ammonium hydroxide	HSA	labeling	1500.129(g)
Antennas (CB base station and TV) (Omnidirectional CB base station)	CPSA	labeling requirement	1402
	CPSA	performance and certification	1204

# APPENDIX I: Federal-State Cooperative Program

## **Federal-State Cooperative Program**

The Commission is required by Section 29 of the Consumer Product Safety Act to establish "a program to promote Federal-State cooperation for purposes of carrying out the Act "

Federal, state and local cooperative programs are one key to CPSC's success in reducing unreasonable risks of injury to consumers. State and local professionals bring the Commission's programs "alive" when they deliver CPSC information, education and services to the public they serve at the local level. The public resides in counties, cities and towns served by dedicated state and local health, consumer and safety professionals. These professionals know the needs of their communities and know best how to meet their needs. Resources invested in providing information, contracts and materials to state and local professionals returns many times that amount in consumer product safety programs delivered to people where they live, work and play.

The Directorate for Field Operations plans, organizes, directs and controls the Commission's Federal-State Cooperative Program. This program receives overall direction through the Field Operating Plan which is formulated directly from the Commission's yearly Operating Plan. The Federal-State plan provides direction to the three Regional Centers which provide operational day-to-day contact with the states.

State Designees are the Commission's primary liaison with state and local officials. State Designees are appointed, at the Commission's request, by the Governor of each state. This individual serves as a liaison for product safety efforts within the state.

State Designees are selected after analyzing each state's structure. Each represents that department of state government most compatible with the CPSC mission. In most states it is the Department of Health. In others, it is the Office of the Attorneys General or the Department of Agriculture or Consumer Protection.

In addition to working with State Designees, CPSC Regional Centers regularly cooperate with local government officials, as well. Keeping up with Designees in 50 states and territories is demanding, but working with thousands of local officials is most difficult. To solve this problem, CPSC always works with State Designees and selectively works with local officials. "Selectively" is defined as meaning the proper official at the proper place at the proper time.

The Federal State Cooperative Plan consists of four major components:

1 Contracts Cost effective state and local contracts allow the Commission to accomplish product safety work in places across our nation that CPSC would not get to. Because CPSC contracts are usually small, state and local governments often match the Commission's funds with their own to accomplish the objective.

2 Memoranda of Understanding (MOU)-Partnership Agreements MOUs and partnership agreements with states extend overall consumer protection through more effective use of collective resources. Partnering is an arrangement between CPSC and state agencies wherein both parties agree to share, at no cost, the responsibility for certain product safety activities.

3 Commissioning Commissioning has the effect of making a state or local employee a federal officer for the purposes of conducting investigations, inspections, recalls and sample collections.

State or local officials are qualified for and capable of functioning as an official of the CPSC. CPSC trains state and local officials to qualify for a commission.

4 States' Information-Sharing Program CPSC routinely transmits information on Commission programs and activities to states in order that Designees, their staff and others may respond to media inquiries and be kept current on Commission developments.

States share their success stories with CPSC and the Commission, in turn, disseminates this information to all of the states.

The funded work done by the states is subject to the same quality assurance and is held to the same high standards as work done by the CPSC field staff. The progress and direction of the state work is monitored through weekly conference calls, quarterly reports and a final report at the end of the fiscal year. This enables the Regional Centers to assure that the state contract work is proceeding in accordance with the Commission's Operating Plan and is of adequate quality to meet the Commission's needs. The states report on other product safety work, not funded by CPSC, by providing highlights and summaries to CPSC field offices for input into their required program reports.

### **State and Local Contracts Program**

Cost-effective contracts with state and local agencies for needed services provide a basis upon which greater cooperation can grow. Because the missions are compatible, state and local governments usually match CPSC funds with their own money to accomplish the objective. In addition, state and local contracts allow the Commission to accomplish product safety work in places across our nation that CPSC would not get to otherwise.

In FY95, the Commission supported the state and local contracts program in the amount of \$105,000 -- for Compliance, Hazard Identification and Reduction, and Consumer Information activities. An additional \$40,000 was identified to conduct a CPSC Workshop for State and Local Officials. Partners in Safety. Twenty cooperative agreements with state and local officials were developed through the use of these funds.

A listing of those state or local agencies that participated in this program follows:

## Federal-State-Local Cooperative Program Commissioning Program

Section 29(a)(2) of the Consumer Product Safety Act provides the Commission authority to commission state and local officers for conducting any of three activities on behalf of the CPSC: investigations, inspections, and sample collections.

In furtherance of the Congressional mandate to establish a program to promote Federal and state cooperation, the Commission assists in training state and local officials to qualify for a commission. After commissioning, those officials are knowledgeable in CPSC procedures for inspections, investigations, sample collection, and preparation and submission of reports.

Currently, 204 officials in 30 states are commissioned by the CPSC.

## **Federal-State-Local Cooperative Program Memorandum of Understanding (MOU)-Partnership Agreements**

It is the policy of the CPSC to initiate and enter into MOU's with agencies of state or local governments. Such cooperation creates a partnership which extends overall consumer protection through more effective use of collective resources. Partnering creates an arrangement between CPSC and state or local agencies wherein both parties agree to share, at no cost to the other party, the responsibility for certain product safety activities. These agreements are usually with agencies having responsibilities that are similar to CPSC's.

Partnership agreements have resulted in a free exchange of information on inspectional activity, recalls, enforcement actions, and outreach programs. It has provided cross-training and an increase in state expertise in product safety.

## APPENDIX J: Organizational Structure and Functions

## **Organizational Structure and Functions**

As provided in the Consumer Product Safety Act of 1972, the Chairman and Commissioners are the key policy makers of the U.S. Consumer Product Safety Commission. The staff carries out their decisions and policies.

The Consumer Product Safety Act provides for five Commissioners but three Commissioners currently head the agency. The Commission annually elects a Vice Chairman.

The Chairman is the principal executive officer of the Commission.

**The following offices report directly to the Chairman:**

**Office of Congressional Relations** acts as the Commission's liaison with Congress. It provides information and assistance to congressional committees, responds to inquiries by legislators, and coordinates written and oral testimony by Commissioners and agency staff.

**Office of Equal Opportunity and Minority Enterprise** monitors compliance with all laws, regulations, rules, and internal policies relating to equal employment opportunity. It also ensures compliance with relevant provisions of the Small Business Act, and conducts the Upward Mobility Program.

**Office of the General Counsel** is the legal arm of the Commission. Staffed by lawyers, it provides advice and counsel to the agency and staff on all legal matters, including contracting, personnel issues, legal review of all reports, memoranda, press releases, and publications. It advises the Commission on matters of standards development, rules, petitions, interpretations of prevailing regulations, and Federal court litigation concerning compliance matters. It also defends court challenges to rules and other Commission actions.

**Office of the Inspector General** is an independent office established under the provisions of the Inspector General Act, as amended. Reporting only to the Chairman, this office independently initiates, conducts, and supervises audits, operations reviews, inspections, and investigations of Commission programs, activities, and operations to prevent and detect waste, fraud, and abuse. It makes recommendations to promote economy, efficiency, and effectiveness within the Commission's programs and operations. The office also receives and investigates complaints or information concerning possible violations of law or regulations, mismanagement, abuse of authority, and waste of funds.

**Office of the Secretary** prepares the agendas for official agency meetings, maintains official records of Commission actions, manages the docket of adjudicative proceedings, and responds to requests for documents under the Freedom of Information Act (FOIA) and the Privacy Act. It issues the agency's official documents, including Federal Register notices, prepares and publishes the Public Calendar of Commission meetings, and supervises the operations of CPSC's public reading room.

**Office of the Executive Director**, under the broad directions of the Chairman and in accordance with Commission policy, acts as the chief operating manager of the agency, supporting the development of the agency's budget and operating plan before and after Commission approval, and managing the execution of those plans.

**The following offices report to the Executive Director:**

**Office of the Budget** is responsible for overseeing the development of the Commission's budget. The office, in consultation with other offices and directorates prepares, for the Commission's approval, the annual budget requests to Congress and the Office of Management and Budget and the operating plans for each fiscal year. It manages execution of the Commission's budget. The office recommends to the Office of the Executive Director actions to enhance effectiveness of the Commission's programs and activities.

**Office of Information and Public Affairs** is the Commission's touchstone with consumers and the media. It prepares and publishes brochures, booklets, fact sheets, and safety alerts recommending the safe ways for consumers to purchase and use products in the home environment. Press releases are prepared and circulated to the media on Commission actions, product recalls, and seasonal events such as toy safety, fireworks, baby safety, grass cutting, residential pool use, and National Poison Prevention Week.

**Office of Planning and Evaluation** is responsible for short- and long-term planning and evaluating of agency programs and accomplishments. Evaluation studies are conducted to determine how well the Commission fulfills its mission. The office also manages the Commission's information collection budget and obtains Office of Management and Budget clearance for information collections.

**Office of Compliance** directs the conduct of compliance with and administrative enforcement of Commission rules and regulations. The office, staffed by lawyers and compliance specialists and working with field staff, initiates investigations on safety hazards of products already in the consumer marketplace or being offered for import. It enforces the requirement that firms identify and report product defects which could present possible substantial hazards, violations of consumer product safety rules, and violations of standards relied upon by the Commission. It negotiates and subsequently monitors corrective action plans designed to give public notice of hazards and recall defective or non-complying products. In addition, it provides advice and guidance to regulated industries on complying with Commission rules and regulations.

**Office of Hazard Identification and Reduction** manages the Commission's Hazard Identification and Analysis Program and its Hazard Assessment and Reduction Program. The office develops strategies for and implements the agency's operating plan for these two hazard programs. The office reports to the Executive Director, and has line authority over the Directorates for Epidemiology and Health Sciences, Economic Analysis, Engineering Sciences, and Laboratory Sciences. The office's responsibilities include the collecting and analyzing of data to identify hazards and hazard patterns, the carrying out of the Commission's regulatory and voluntary standards development projects, and providing coordination of international activities related to consumer product safety. This office also provides technical and economic support for the Commission's compliance activities. The office assures that relevant technical, environmental and economic impacts of projects are comprehensively and objectively presented to the Commission for decision. The office also evaluates petitions received by the Commission.

**Office of Human Resources Management** provides human resources management support to the Commission in the areas of recruitment and placement, position classification, training and executive development, employee and labor relations, employee benefits and retirement assistance, employee assistance programs, drug testing, leave administration, disciplinary and adverse actions, grievances and appeals, performance management, and physical security.

**Office of Information Services** is responsible for policy and operations relating to agency collection, use, and dissemination of information. The Office provides information technology support for data collection, information retrieval, report generation, and statistical and mathematical operations of the agency. The Office maintains the agency's local area networks and develops and supports other network applications such as electronic mail. The Office manages the agency's toll-free Hotline, Internet and fax-on-demand services. The Office is responsible for the agency's injury information Clearinghouse, information resources management (including records management), and managing the agency's directive system.

**Directorate for Field Operations** is responsible for all Commission field operations. The Commission's 130 member field staff, located in 37 cities across the country, supports the full range of CPSC programs. The field staff conduct in-depth investigations of injuries and deaths, provide local support for the hospitals that report through the NEISS system, and collect reports of product-related incidents. Field investigators inspect manufacturers, importers, distributors, and retailers and collect product samples for testing or evaluation to determine violations of safety regulations and possible substantial product hazards. The field staff insure that appropriate action is taken to correct any violations. They also negotiate and monitor recalls of hazardous products and provide advice and guidance to industry. The field staff implement national safety education campaigns, respond to inquiries, and work with the press and local organizations to bring product safety information to the consumer. The field staff also work with state and local officials and private organizations to inform the public about the safe use of consumer products and to obtain compliance with CPSC laws and regulations.

**Directorate for Administration** is responsible for formulating and executing general administrative policies in the areas of financial management, procurement, property and space management, security equipment maintenance, printing, and warehousing, mail, duplication, and labor services

## APPENDIX K: Advisory Opinions

## Advisory Opinions

No.	Date of	From/To	Subject
314	07/07/95	Eric A. Rubel, General Counsel, CPSC/ Richard A. Vognild, Southern Bld. Code Cong. Int. & Robert McCluer, Bld. Officials and Code Administrators Int.	State or local require- ments that used the flame spread test of ASTM E 84 for cellulose insulation would be preempted by sec. 26, CPSA
315	09/15/95	Stephen Lemberg, Asst. Gen. Counsel, CPSC/H. Allen Irish, Natl. Paint & Coatings Assoc.	The fee and registra- tion provisions of the Texas Hazardous Substances Act is likely not preempted by the FHSA
