CPSC ATTENDEE(S): Rana Balci-Sinha, Kristen Talcott, ESHF

NON-CPSC ATTENDEE(S): Meeting lead by chair, Bob Crowley. This is not a complete list, please contact ASTM for non-CPSC attendees.

SUMMARY OF MEETING: Group reviewed draft language for definition, requirements, and test methods related to stroller armbar covers. Group discussed changes that had been made since the previous meeting; most changes were accepted. Group changed language in requirements to remove duplication of language from test method and to improve wording. Warning language was updated to remove a double negative. The clamp figure will be updated with drawing of the washer jaw clamping device specified in test method. The chair will incorporate changes into a new draft that will be sent to task group members for review and task group will meet again if there are additional comments.
