SUMMARY OF MEETING:

CMP 17 met to create First Draft revisions for the 2020 *NEC* based on consideration of Public Inputs on proposed changes to the 2017 *NEC*. CMP 17 covers *NEC* Articles 422 (Appliances), 424 (Fixed Electric Space Heating Equipment), 426 (Fixed Outdoor Electric Deicing and Snow-Melting Equipment), 427 (Fixed Electric Heating Equipment for Pipelines and Vessels), 680 (Swimming Pools, Fountains, and Similar Installations) and 682 (Natural and Artificially Made Bodies of Water). CMP 17 acted on 385 public inputs and also developed and approved panel revisions. Proposed First Draft revisions that the Panel accepted at the meetings will be voted on by CMP 17 members by electronic ballot subsequent to the meetings (CPSC staff does not vote). Public Inputs that were rejected by CMP 17 during the meeting are final and are not balloted. The Chairman's Report for CMP 17 for the First Draft Meeting and the results of the balloting will be available on NFPA's website (<https://www.nfpa.org/codes-and-standards/all-codes-and-standards/list-of-codes-and-standards/detail?code=70&tab=nextedition>).
