Summary of Meeting:

Contact Bob Nelson (bnelson@yankeecandle.com) for more details of this meeting.

This meeting was held to review the most recent candle incidents reported in saferproducts.gov and other locations.

- Introductions
- The group approved minutes from the last meeting
- The group reviewed candle incidents from SaferProducts.gov from 10/25/2017, 10/31/2017, 11/29/2017, and 12/7/2017.
 - The group felt that no information in the reports would require changes to any of the ASTM candle standards
 - The group did note that the 11/29/2017 incident involved a candle making kit that was marketed for ages 8 and up. The group discussed how children's product standards might be relevant for a product like this.
- Scott Ayers and Deena Bermudez discussed the genesis and progress of the task group evaluating candle data
 - The group is still processing data
 - Information will be shared as it becomes available
- The next meeting will be Tuesday April 10, 2018 at 10am EST.
