

Draft - Log of Telephone Call - Draft

Date of Telephone Call: June 11, 2018

Commission Participants: Thomas E. Caton, ESMC

Non-Commission Participants: Jeffrey A. Borba,
ASTM F24.90 Evolution Task Group Leader

Subject: Discuss the negative ballots and possible solutions for existing F24 Standards:

- (1) Revision of F770 "Standard Practice for Ownership, Operation, Maintenance, and Inspection of Amusement Rides and Devices"
- (2) Revision(s) of F1193 "Standard Practice for Quality, Manufacture, and Construction of Amusement Rides and Devices"
- (3) Revision(s) of F2974 (Standard Guide for Auditing Amusement Rides and Devices)

The discussion intended to discuss remaining negative votes from previous EVO III ballots. There are three negative votes remaining. The dissenter has not elected to withdraw any negative votes.

The invitees to this teleconference did not call in except for Jeffrey A. Borba (currently co-chair for ASTM F24 EVO I, II, and III Task Groups) and ESMC staff.

Mr. Borba decided it will be necessary to re-schedule this teleconference on a date to be determined.

After fifteen minutes, the teleconference was ended at 3:15 pm.
