SUMMARY OF MEETING:

This was the first meeting of this new task group. The TG's focus is to clarify the scope of products that the standard is intended to cover. The group will not discuss the > 30" in height metric, which will be discussed in the Minimum Height TG. The discussion centered on what is a Clothing Storage Unit/Clothing Storage Furniture. The TG identified several opportunities for clarification to the standard to ensure the products covered are those the standard intended to cover.
