SUBJECT: Fireworks rulemaking

ATTENDEES: Quin Dodd, counsel to the American Pyrotechnics Association (APA)

CPSC ATTENDEES: J. Fong-Swamidoss, J. Midgett, A. Steinle

SUMMARY: Mr. Dodd explained an APA alternative proposal to staff's proposed fireworks rule. The APA would like to allow up to a 2 percent contamination limit for metallic fuels in burst charges. They would also like to keep the portions of the NPR that staff excluded from their latest proposed rule.
