

LOG OF MEETING

DATE: March 26, 2019

SUBJECT: Fireworks Rulemaking

ATTENDEES: John Rogers, Executive Director, American Fireworks Standards Laboratory (AFSL)
Mike Ingram, President, AFSL (also representing Fireworks Over America)
Nancy Nord, Director, AFSL
Tad Trout, Treasurer, AFSL (also representing TNT Fireworks)
Quin Dodd, General Counsel, AFSL
Spencer Elg, Kelley Drye & Warren LLP (on behalf of NFA) (observer only)
Charlie Homan, Kelley Drye & Warren LLP (on behalf of NFA) (observer only)

CPSC ATTENDEES: Jana Fong-Swamidoss and Allison Steinle

SUMMARY: Representatives of AFSL discussed the status of the draft Final Rule to amend the CPSC's fireworks regulations and presented their positions with respect to metal contamination levels in burst charges, XRF testing, and the sufficiency of the CPSC's findings in the draft Final Rule. They also provided a summary of additional test data recently developed by AFSL relating to metal contamination levels in burst charges and incident data related to fireworks fatalities since 2015 (attached).

LOG AUTHOR: Allison Steinle
