

US Consumer Product Safety Commission Log of Meeting

Subject: Air-Conditioning, Heating and Refrigeration Institute (AHRI) Flammable Refrigerant Safe Transition Task Force

Date: October 18, 2019

Location: Teleconference

Prepared By: Scott Ayers (sayers@cpsc.gov, 301-987-2030), October 18, 2019

CPSC Attendees: Scott Ayers

Non-CPSC Attendees: Contact Chris Bresee of AHRI (b) [REDACTED] ([org](#)) for more a complete list of attendees.

Summary of Meeting:

Contact Chris Bresee of AHRI (b) [REDACTED] ([org](#)) for more information about this meeting

This meeting focused on codes and standards for flammable refrigerants.

The meeting began with AHRI reviewing the terms of use established for all documents created by the working groups. The terms of use was written by AHRI legal and is not open for direct comment.

The group then discussed the existing standards and those under-development. After a long discussion, the group voted to create sub-groups for several important standards. Each sub-group will be tasked with developing a summary of the standard for those unfamiliar with the standard (e.g. code and fire officials). The group also spent some time brainstorming ideas to battle misinformation spread by certain stakeholders.

The next meeting is scheduled for later in October 18, 2019 for the communications group. The next codes and standards meeting will be scheduled later after a Doodle Poll survey. AHRI will separately send invitations to all members to join each sub-group.
