MEETING SUMMARY:

The agenda for this meeting and meeting minutes from 9/30/19 and 8/9/19 SC meetings were discussed.

During this meeting the topics discussed included:

Further refined definitions in draft terminology section (1.3) and throughout document, including discussion of foreseeable use.

Reemphasized and refined document as a Guidelines rather than testing requirements document.

Discussed how other more specific requirements will be incorporated by reference in the future, if needed.

Assigned Task Group (test labs) to further define and expand Section 1.4 (Requirements or Guidelines) for upcoming subcommittee meetings.

Next ASTM F15.75 Connected Products teleconference will be Friday on January 10, 2020.
