SUMMARY OF MEETING:

The subcommittee agreed to add section 5.7 to evaluate the magnetic keys.

5.7 references

- 1500.48 (sharp points in toys),
- 1500.49 (sharp edges in toys),
- 1500.50-52 (toy use and abuse test), and
- 16CFR1501 (small parts test).

The subcommittee chair will:

- update the location of the test methods in the draft standard to harmonize with other ASTM standards
- add an upper limit to the pull force test.

A subcommittee member requested the rationale for the 1.25" opening from CPSC. CPSC staff will provide the rationale at the next meeting.

A new task group was created to discuss product markings.

The next teleconference meeting is scheduled for August 12, 2019 from 11a to 12a EST.
