| Philip Englert   | Deloitte & Touche              |
| Patrick Garvey   | Honeywell                      |
| Roy Harvey       | Osram                          |
| Arthur Hicken    | Parasoft                       |
| Ernesto Mendoza  | Signify North America Corp     |
| Deborah Prince   | UL                             |
| Eugene Vasserman | Kansas State University        |
| Denice Durrant   | UL                             |
| Anura Fernando   | UL                             |
| Jenny Fields     | UL                             |
| Stephen Gatz     | UL                             |
| Sean Oberle      | Product Safety Letter          |

An STP meeting was held by teleconference to continue revising UL 2900-1, Standard for Software Cybersecurity for Network-Connectable Products: General Requirements.

Topics discussed include:

- References to other ISO standards and whether ISO 9796 and ISO 14888 should be normative or informative.
- Known Vulnerability Testing
- Structured Penetration Testing
- Static Source Code Analysis
