Summary of Meeting:

Contact AHRI for more information about this meeting

This was a quarterly meeting of the entire Flammable Refrigerant Safe Transition Task Force, where all of the work performed by the sub-groups was shared.

The group received updates from each of the sub-groups including the Standards, Codes, and Regulations; Safety Training; Communications; DPT/Shipping/Packaging & Handling/Warehousing; and Installation/Operations/Maintenance groups.

Additionally, the group reviewed an AHRI proposal on certification of technicians. Also, the group discussed the progress AHRI and UL are making in answering questions from the Fire Service.

The next meeting will be scheduled later after a Doodle Poll survey.
