This was a semi-annual subcommittee meeting pertaining to the standard on infant bathers, ASTM F2243.

Ballot results: One previous ballot item pertaining to the test surface description was reviewed. It has been approved.

Old business:

Warnings on foam products - The chair proposed disbanding the task group due to lack of interest. The task group lead is no longer with the company that had the issue. The subcommittee chair will put the issue on the memory sheet if it is raised again.
