

**LOG OF MEETING
DIRECTORATE FOR ENGINEERING SCIENCES**

SUBJECT: Meeting of the ASTM In-Bed Sleepers Performance Task Group

DATE OF MEETING: 21 December 2020

PLACE OF MEETING: Virtual (teleconference)

LOG ENTRY SOURCE: Celestine Kish (ESHF)

COMMISSION ATTENDEES: Celestine Kish, ESHF

NON-COMMISSION ATTENDEES: Tony Paolo, Subcommittee Chair/Task Group Lead,
Meredith Birkhead, Molly Lynyak, Anna Carter,
Nancy Cowles, Jen Shecter, and Ken Walsh.
Contact ASTM for full attendee list.

SUMMARY OF MEETING:

The Subcommittee Chair/Task Group (TG) Lead reminded the TG of work done this past summer to test for angles when products are used on an adult mattress. When the test results were presented to the TG there were questions about the testing and no definitive agreement/direction. During the Subcommittee meeting in November, new members asked to join this task group, so the meeting was held to hear from the new members and others for suggestions for moving forward. Unfortunately, none of the new members were on the call. The other members on the call did not have any new suggestions. The TG chair is going to share the previous testing with the new members via email and schedule another meeting to discuss any new suggestions that anyone has. At this point, the TG is at a road block for addressing the tipping and tip over performance requirements.
