

## **U.S. Consumer Product Safety Commission Log of Meeting**

**SUBJECT:** ISO Technical Committee 136, Work Group 3 Storage units – 6<sup>th</sup> meeting

**DATE OF MEETING:** May 18, 2020

**LOCATION:** Teleconference/online

**LOG ENTRY SOURCE:** Kristen Talcott

**DATE OF LOG ENTRY:** June 19, 2020

**CPSC ATTENDEES:** Kristen Talcott

**NON-CPSC ATTENDEES:** Contact ISO for the full list of attendees

### **SUMMARY OF MEETING:**

The work group members continued discussion of comments and proposed edits to the standard. Discussion included: materials for filling the weighted bags used in testing and bag movement, structurally connected shelves and applicability of shelf supports, and the wording in the “Test for structure, underframe and/or legs.” Members plan to continue discussion of comments at the next meeting.
