

US Consumer Product Safety Commission Log of Meeting

Subject: ASHRAE 15 Working Group on Flammable Refrigerants harmonization across multiple standards

Date: May 6, 2020

Location: Teleconference

Prepared By: Scott Ayers (sayers@cpsc.gov, 301-987-2030), May 6, 2020

CPSC Attendees: Scott Ayers, Yeon Kim, and Chen Su

Non-CPSC Attendees: Contact ASHRAE for a list of attendees

Summary of Meeting:

This working group has been established to recommend possible changes to harmonize requirements and remove inconsistencies between ASHRAE 15, ASHRAE 15.2P, and UL/CSA 60335-2-40. While no voting will occur in this meeting, the group will look for general agreement from all participants.

This meeting continued on from where the April 15 meeting left off.

The group discussed the detector requirements differences between ASHRAE 15 and UL/CSA 60335-2-40 and decided to empanel a sub-group to put together a proposal that would lead to a harmonization between the two documents. The rest of this meeting focused on topics the sub-group should consider in the development of a proposal.

The group established a regularly occurring meeting on every third Wednesday from 2pm to 5pm ET through August.
