SUMMARY OF MEETING:

Background: On July 30, 2021, the ASTM F14.10 subcommittee chair submitted ballot 21-03 item 1, which proposed to rewrite the standard as a guidance document, without the standard's performance requirements. The ballot was withdrawn due to several unresolved negative votes.

Summary of Meeting:

The subcommittee only discussed administrative activities and other non-playground-related fencing standards during this meeting. No playground-related fencing discussions took place during this meeting because ballot 21-03 item 1 was withdrawn.

The next meeting will be on October 20, 2022 in New Orleans, Louisiana.
