Log of Meeting

Subject: NFPA Fire Protection Research Foundation Vision 20/20 working group meeting on cooking safety

Date: June 15, 2022

Location: Teleconference

Prepared By: Scott Ayers ([sayers@cpsc.gov](mailto:sayers@cpsc.gov), 301-987-2030), June 17, 2022

CPSC Attendees: Scott Ayers

Non-CPSC Attendees: Contact NFPA for a list of attendees

Summary of Meeting:

Contact NFPA for more details of this meeting.

NFPA staff invited CPSC staff to a meeting of the Vision 20/20 cooking work group. Vision 20/20 is focused on community risk reduction with the cooking work group focused on cooking hazards. This group has focused on fire safety issues associated with cooking but is considering other hazards associated with cooking such as indoor air quality.

CPSC staff discussed some of their activities related to gas range safety, including work associated with indoor air quality and gas ranges. The group also discussed other general fire safety issues and ways CPSC staff can get more involved with Vision 20/20 in general. CPSC staff will reach out to the Vision 20/20 organizers to further discuss participation.
