Summary of Meeting:

Staff participated in a task group meeting to work on WK86569, *Standard Consumer Safety Specification for Self-Balancing Scooters*. The task group discussed and worked on addressing a negative to the draft standard ballot. CPSC staff recommended that the low battery warning be both an audible and tactile alert. In addition, CPSC staff recommended that the 5% and 10% low battery warnings be different for riders to differentiate.

Next Steps:

CPSC staff will participate in the next task group meeting to continue the development of the draft standard.
