

MEETING LOG

MEETING TITLE/SUBJECT: NFPA Research Foundation meeting on cigarette fires

FY 23 OP PLAN ENTRY: [Not On the FY 23 Op Plan]

DATE OF MEETING: 3/15/2024

LOCATION OF MEETING: Virtual

CPSC STAFF FILING MEETING LOG: Scott Ayers

FILING DATE: 3/15/2024

CPSC ATTENDEE(S): Scott Ayers (ESEF) and Lisa Scott (LSE)

NON-CPSC ATTENDEE(S): Contact NFPA Research Foundation for a list of attendees.

Summary of Meeting:

Contact the NFPA Research Foundation for more details.

The NFPA Research Foundation convened a working group to discuss reducing deaths, injuries, and occurrences of cigarette fires. The working group kicked off with a meeting in September 2023 where presentations were given on fire statistics, home medical oxygen usage, cigarette fires, and current activities NFPA and others are involved in to reduce cigarette fires.

The NFPA Research Foundation grant for this project closes at the end of March 2024. The NFPA Research Foundation contractor prepared a draft final report, which was shared with participants on March 1, 2024. Participants provided feedback to the contractor on the draft. CPSC staff provided comments on the color formatting of the tables and figures and on the clarity of some of the data presented in the report.

Next Steps:

The contractor will incorporate comments and prepare a final report.
