

MEETING LOG

SUBJECT: ASTM F08.27 Hydrogel Projectile Launchers Workgroup Meeting

FY 24 OP PLAN ENTRY: Not on the FY24 Op Plan

DATE OF MEETING: 4/24/2024

LOCATION OF MEETING: Webex Teleconference

CPSC STAFF FILING MEETING LOG: Jill Hurley (ESHF)

FILING DATE: 4/29/2024

CPSC ATTENDEE(S): Jill Hurley (ESHF) Virtual,

NON-CPSC ATTENDEE(S): Contact ASTM for a list of attendees

Summary of Meeting:

Objective: Establish new guidelines for the performance criteria and warnings for hydrogel launchers and projectiles used with hydrogel launchers.

Members discussed and finalized the General Requirements section as well as the Product Packing section. Proposed font size for use on the label shall be consistent with ANSI recommendations and a size chart has been added to the section for ease of reference. Members agreed dimensions shall be represented in millimeters rather than point-size. Discussion to label projectile refill containers and the use of a “Do not Ingest” symbol to accompany hydrogel warning on projectiles packaging was considered. Next week’s meeting will focus on finalizing all sections of the proposed draft standard and submit for balloting.

Next Steps:

The next meeting is scheduled for May 1, 2024.
