Summary of Meeting:

Vision 20-20 Strategy Work Group 5 is a working group focused on codes and standards with a mission to reduce fire losses by refinement and application of codes and standards that enhance public and firefighter safety and prevent property losses. Brad Cronin of the Avon, MA Fire Department has taken over as the leader of this work group.

The group discussed many topics. The group is particularly concerned with proposed single stairway legislation going on in many states that would allow a single stairway in taller buildings. Staff provided updates on plans for future meetings on fire blankets and child burns and future work on consumer products that affect wildfire spread.

Next Steps:

The next task group meeting will be on March December 6th 2025.
