

## **MEETING LOG**

**MEETING TITLE/SUBJECT:** ASHRAE 15.2 Meeting

**FY 25 OP PLAN ENTRY:** Flammable Refrigerants

**DATE OF MEETING:** 6/6/2025

**LOCATION OF MEETING:** Virtual

**CPSC STAFF FILING MEETING LOG:** Scott Ayers (ESEF)

**FILING DATE:** 6/9/2025

**CPSC ATTENDEE(S):** Scott Ayers

**NON-CPSC ATTENDEE(S):** Contact ASHRAE for the full attendee list

### **Summary of Meeting:**

Staff monitored a meeting of the ASHRAE Standing Standard Project Committee (SSPC) 15 Subcommittee 15.2 for Residential Applications. This subcommittee is responsible for maintaining the ASHRAE 15.2 standard.

The chair discussed three ballots waiting for public review, one on elevation changes, one on constrained spaces, and one on copper components. There were four recent ballots, three passed without comment and the other had two comments. The group reviewed the two comments, making one alteration of removing the proposed definition of “fixed refrigeration system” and instead defining “fixed” to remove some perceived ambiguity; staff supported this change. The group also discussed two proposed changes, the first would align ASHRAE 15.2 with the first amendment to UL 60335-2-40 regarding installer-required labeling. The committee agreed with the proposal; staff supported the proposal. The second proposed forming a working group to move perceived exceptions from definitions to the requirements sections of the standard.

### **Next Steps:**

Staff will participate in future ASHRAE 15 SSPC and ASHRAE 15.2 working group meetings as able. The next ASHRAE 15.2 meeting will be in person in Phoenix, AR during the ASHRAE Conference on June 22, 2025. The next virtual meeting will be August 1, 2025.
