

SUMMARY OF MEETING:

- Purpose of the meeting was to provide an update of the status of UL 4600 standard for autonomous products.
 - Publication of first version on 4/1/2020.
 - UL 4600 is an ANSI accredited standard
- UL staff provided review of how to submit proposed changes and the proposal request process. Suggestions should provide as much detail as possible to support work on revision.
- Going forward:
 - UL standards are effective indefinitely. There is no requirement for periodic reapproval and is not subject to any renewal cycle.
 - Already received comments proposing additions, changes, or edits during the initial approval process – ongoing revisions after initial publication were anticipated.
 - Plan to review/work on comments/suggestions submitted during standard balloting process.
- Next steps:
 - Possible future update meeting in approximately 6 weeks.
 - Fall timeframe for next- STP meeting
 - Proposed changes will be reviewed and task groups will be formed as needed to develop revisions for the next standard update.
