Summary of Meeting:

Contact PHTA for more details related to this meeting.

This committee focuses on revisions to the APSP-16 2017 American National Standard for Suction Outlet Fitting Assemblies (SOFA) for Use in Pools, Spas and Hot Tubs, referenced in the Virginia Graeme Baker Pool and Spa Act (VGBA).

Staff attended this meeting to monitor the committee's work to resolve proposed change requests. This meeting did not reach quorum and therefore was only informational for the attendees present. All official business will be continued at the next committee meeting. The group reviewed progress related to the previous meeting topics including fire suppression systems and blockable SOFAs.

In preparation for the next meeting, the committee plan to send staff the proposed language for PCR-42 "Anti-blocking SOFAs" and request any potential regulatory feedback.

All topics discussed at this informational meeting will be summarized and reviewed at the next meeting that reaches quorum.

Next Steps:

CPSC staff plans to attend the next meeting of the PHTA-16 SWC, which is scheduled for June 22, 2026.
