Contact ASTM for full attendee list.

SUMMARY OF MEETING:

Ms. King, after providing history of the task group, opened discussion on comments received from CPSC staff on the draft proposal adding new performance requirements for bassinets. The TG had several questions about the proposal to require bassinets attached to a stand only fully support the infant when attached to the stand. There were also questions about distinguishing carry cots from play yard bassinet accessories considering incident data. Other TG members' comments were shared with the TG. CPSC staff will provide the TG with redacted IDIs of play yard bassinet accessories used on adult beds. The next meeting date is to be determined.
