ATV/ROV SAFETY TIPS

ATVs (All-Terrain Vehicles)

ROVs (Recreational Off-Highway Vehicles)

Always wear a DOT-compliant helmet and other protective gear such as eye protection, boots, gloves, long pants and long-sleeved shirts.

Never have more passengers than there are seats. Most ATVs are designed for one rider, and ROVs should never have more passengers than there are seat belts.

Do not drive ATVs or ROVs on paved surfaces. Ride on designated trails and at a safe speed.

Get hands-on training from a qualified instructor. Visit ATVsafty.org to find a class near you.

Fasten seat belts and keep all parts of your body inside an ROV. Children should not be passengers in an ROV unless their feet can reach the floor in a sitting position.

Riders younger than 16 should only drive age-appropriate youth model ATVs, never adult models or ROVs.
